Description:

Join us for an Early Bird music jam in a chill gathering in the hilltop woods as early arrival folks relax from camp setup. A no agenda music event. Campfire jams at Rebel Civics is where Free State Acoustics formed – here is the real deal sound!

Free State Acoustics is a four piece band playing a wide variety of interesting songs from the 1950s through today in their own acoustic-focused style developed out of fireside jams and public performances for music lovers. Key to the sound is stunning vocals, classically derived violin melodies, intense acoustic guitar, and cajon rhythm. They play great songs from Fleetwood Mac to Radiohead, Allison Krause to Dr. Hook, The Cranberries to Dolly Parton, The Verve to John Prine and more. Free State Acoustics originally formed during fireside jams at PorcFest 2023, developed their sound in 2024 with shows at PorcFest, Freedom Palooza, and The SHELL, and has released a series of produced live music videos.

“You might be crazy, I might be crazy, we might be crazy, possibly.” – Gnarlis Barkley

2025-06-16 09:00 - RV 013 - Life is Good: Daily AA Meeting at PorcFest

Calendar: Hub Events

Hub: FireSteel.com Event Canopy at RV13

Description:

Q: Who should come to our morning meetings?

A: Anybody who is practicing sobriety, new and old. People trying to get sober and/or kick the habit. People with zero days sober or many years of experience with sobriety. For those who choose not to partake in alcohol or other substances during PorcFest. For people who have kicked the habit or are trying to quit, join us in the morning at 9:00am for a coffee, meeting, support, and sharing of your thoughts and experiences about alcohol and staying clean. Support each other in our sobriety and talk about why life is better without the booze.

For some people, alcohol can be very addictive and dangerous. For others, it's not a problem. For those of us who have an addictive personality and have struggled to fight the negative health and emotional consequences of substances like alcohol, support groups and talking with others who have been through it is the best medicine. Don't let your friends, family and children remember you as an alcoholic. Don't let a substance defeat you. Find a higher power. Be a warrior! You can do it, and you'll get through it.

Organizer: Mark Hansen, Mark is a special ed teacher and past seasonal state parks ranger living in CT. Mark has been sober since February of 2015 and recently earned his 10 year chip! He is divorced and has two beautiful children. He enjoys hiking, camping, riding motorcycles and is enthusiastic about guns, self defense and the second amendment. He loves this country, but is not crazy about the government! LOL

. . Website: <https://www.aa.org/>

Note: Bring a coffee mug, tea or whatever you like. I'll bring a Keurig machine, and we'll try to have cups, coffee pods, sugar, creamer, etc. Or bring a little something to share just in case we run low on that kind of stuff. Maybe bring a snack to share? I thought it was a great way to start the day at PorcFest 2021 and we've been going strong since. Let's encourage and support each other!

...Life is good!!

Hub: FireSteel.com Event Canopy at RV13

Description:

Come watch Dr. Jack Kruse (Uncle Jack) explain how our modern blue-lit lifestyle is, in a few words, killing us. This isn't yet another doomsday nut job asking us to repent our sins. Dr. K is the real deal. He's a retired neurosurgeon living in El Salvador from where he is spreading the word on Light, Water and Magnetism. He has been interviewed by hundreds of podcasters, most famously Rick Rubin of Tetragrammaton where Dr. Jack schooled Andrew Huberman over the course of 6 hours on the finer details of quantum biology. He has also appeared on the Danny Jones podcast and hundreds of others. We invited Dr. Kruse to give a talk at PF but unfortunately he's already engaged to speak at BitCoin Prague and he, himself, recommended we play this particular You Tube video for you as an introduction to his work. If the idea of spending two hours at PF watching a video doesn't appeal to you, then watch it in your own time and then come to the "Mito Meetup" later in the week to discuss Dr. Kruse's work. This is one of those videos that can change your life. Become a Savage. Embrace the Suck.

Remineralizing tooth powder – Made with food grade bentonite clay, baking soda, and calcium carbonate with powdered organic peppermint. Gently cleans teeth and gums and provides calcium to rebuild enamel and provide a healthy mouth pH.

Butterfly pea tea – great for inflammation and tastes delightful! Plus it will change colors by adding something acidic, like lemon juice!

Lastly, I'll have all kinds of pickles but I'm most excited about fiddleheads, which are a New England delicacy! You can only forage them for a very small window of time so I'm thrilled to be able to bring these!

There will be a smattering of other things as well. I'll be set up 10a-12p except for Wednesday. Check back in the evenings after it cools off as well!

"Stitch and Bitch" groups (S&B) have been around since before WWII, when they were composed primarily of female knitters. In modern times, the S&B movement has gradually expanded to include all manner of crafters and fiber artists, as well as men and women. Our PorcFest edition will be of the modern type and will be a daily happening from noon to 2 PM at the FireSteel.com Event Canopy located at RV13.

Who should attend: Knitters, Crocheters, Embroiderers, Tatters, Felters, Leatherworkers, Cross Stitchers, Needlepointers, Sewers, Spinners, Crafters, Beaders, Wire Workers, etc, etc, etc, are all welcome to join us for some good old fashioned "Stitchin' an' Bitchin'". Bring a project and a drinking mug. We'll have hot water for tea, coffee, and maybe a sewing machine or two to use. Want to learn how to do these things? Come on over and we'll answer your questions and offer suggestions, but know that this is meant to be an informal hangout group, not a formal teaching class. Check out the separate teaching classes scattered throughout the schedule or watch a bunch of tutorials online so you can have a basic idea of what's involved. What are you waiting for? Description:

As the world races toward central bank digital currencies and surveillance-backed stablecoins, the need for true financial privacy has never been more urgent. That's why we'll be running ****ongoing workshops on Zano**** throughout PorcFest.

Zano is a cutting-edge blockchain that enables you to tokenize and trade any asset—physical or digital—with Monero-level privacy. Whether you're new to crypto or a seasoned pro, these hands-on sessions will show you how to download and use a Zano wallet, and introduce you to powerful tools already built on the Zano ecosystem.

We'll demo a range of live and upcoming projects, including:

- * A private peer-to-peer exchange with no third parties
- * ZanoBay, a fully private online marketplace
- * Freedom Dollar, the first privacy stablecoin
- * Confidential Layer, which lets you bridge your trackable BTC, BCH, and ETH into Zano—making your crypto private, spendable, and fast

Don't miss this chance to learn how to take control of your financial privacy and explore real alternatives to the surveillance-driven digital economy.

Calendar: *FSP - Liberty 101

Hub:

Description:

What Do Parents Owe Their Kids According to Libertarianism?

What do libertarian principles say about a parent's obligations to their child? In this talk, we'll explore four major answers that have been proposed from within the libertarian tradition:

1. Parents "own" their children.
2. Parenting is a charitable act.
3. Parenting is a form of voluntary contract.
4. Parents are responsible because they caused the child to exist in a state of vulnerability.

Each of these views has its defenders, but three of them run into serious problems when you push them to their logical conclusions. I'll argue that only one-causal parental responsibility-actually holds up without contradicting core libertarian principles like non-aggression and self-ownership. We'll dig into what that theory really means, why it matters, and what it implies about the rights of children and the responsibilities of parents in a free society. If you're interested in how libertarian ideas apply to real-life moral questions-beyond politics-this one's for you.

Jake Desyllas is an author and investor. In 2000, he founded Intelligent Space, an award-winning consultancy specializing in pedestrian movement simulation and analysis. After leading innovation in the field for a decade, he sold his business in 2010 and retired early at the age of 38. From 2010 to 2020, he hosted The Voluntary Life podcast. He is the author of *Becoming an Entrepreneur, Job Free*, and a forthcoming book on libertarian philosophy and the family. Jake holds a B.A. (Hons) from Bristol University and an MSc and PhD from University College London. He is currently based in New Hampshire.

Description:

Catch an afternoon Free State Acoustics music session in the woods at Roger's hilltop, in the Rebel Civics hub (site T50). Jams here at Rebel Civics is where Free State Acoustics formed - this is the real us, bitter and sweet!

"Cause it's a bittersweet symphony, this life."
- The Verve

Check out Free State Acoustics playing Bittersweet Symphony with Carol's violin bringing the tune home in a way you probably have never heard in a bar before, at the link below.

Free State Acoustics is a four piece band playing a wide variety of interesting songs from the 1950s through today in their own acoustic-focused style developed out of fireside jams and public performances for music lovers. Key to the sound is stunning vocals, classically derived violin melodies, intense acoustic guitar, and cajon rhythm. They play great songs from Fleetwood Mac to Radiohead, Allison Krause to Dr. Hook, The Cranberries to Dolly Parton, The Verve to John Prine and more. Free State Acoustics originally formed during fireside jams at PorcFest 2023, developed their sound in 2024 with shows at PorcFest, Freedom Palooza, and The SHELL, and has released a series of produced live music videos.

2025-06-16 16:00 - Field - NORO Tactical Games

Calendar: *FSP - Pavilion

Hub: *Free State Project

Description:

This year at PorcFest, the Noro Tactical Games will put your strength, speed, and grit to the ultimate test. Think you're tough? It's time to prove it.

First up, the Carry Medley challenges competitors to haul serious weight down a 20-yard course — faster than anyone else. You'll grip heavy farmer carry handles loaded to 150% of your bodyweight, muscle a 200-pound anvil, and wrestle an 80-pound heavy bag across the finish line. It's a brutal race against the clock where raw strength and pure willpower make all the difference.

Next, it's time to catch your breath — if you can — before taking on the Wind Sprints. In this punishing 300-yard shuttle run, you'll sprint back and forth between cones, 25 yards at a time, six relentless times without a break. Your legs will burn, your heart will pound, and your time will tell the story. The fastest warrior wins.

Finally, we crank up the chaos with the Ammo Can Shuffle — a test of balance, explosiveness, and grit. Grab a rock-loaded ammo can, lunge-walk it halfway down the field, leapfrog over it five times, then side-shuffle your way to the finish. It's fast, it's fierce, and it's guaranteed to leave you breathless.

The Noro Tactical Games are not just about strength — they're about guts, hustle, and heart.

Show up. Step up. Dominate.

Event 1: Carry Medley:

- Participants will pick up and carry three items for 20 yards. This will be timed and the participant with the best time wins the event. The three items are as follows:
 - a. Farmer carry handles that will be loaded to a weight equivalent to 150% of the participants bodyweight.
 - b. An anvil weighing approx 200lbs.
 - c. A heavy bag weighing about 80 lbs.

Event 2: Wind sprints:

- Shuttle Run Test (e.g., 300-Yard Shuttle)
- Setup: Set two cones 25 yards apart. Sprint 25 yards, touch the ground, return to the start (50 yards per round). Repeat 6 times without stopping for a total of 300 yards.
- Scoring: Time to complete all 300 yards. Participant with the best time wins the event.

Event 3: "Ammo Can Shuffle"

- Setup: Use a single ammo can 20-30 lbs of rocks. Mark a 20-yard straight course with a cone or stick at the halfway point (10 yards) and the end (20 yards).
- How it Works: Participants start with the container at their feet. They:
 1. Pick it up and lunge-walk it to the 10-yard mark (one lunge = one step forward, knee barely kissing the ground).
 2. Set it down, then leapfrog over it (hands on the ground, jump over) five times in place.
 3. Pick it up again and shuffle (side-step, facing the same direction) to the 20-yard finish line while holding it. Time stops when they cross the line with the container.

2025-06-16 17:00 - RV 013 - Book Discussion: The Freedom Intellectual Reconquista: The Growing 'Austrian Economics' Worldwide Revolution And Resulting Dissolution Of Myths... (Germ Theory, Socialism, Antisemitism, Zionism)

Calendar: Hub Events

Hub: FireSteel.com Event Canopy at RV13

Description:

This talk will give an overview of the book beginning with a very brief introduction to some of the vital ideas of the so-called 'Austrian School of Economics' and its key thinkers like founder Carl Menger, Ludwig von Mises, and 1974 Nobel Laureate in Economics F.A. Hayek, and the School's growing and inevitable spread via the Javier Milei "Austrian"-inspired intellectual revolution in Argentina.

The book can be freely downloaded and listened to from besada.com or purchased from amazon.

Wherever there is complexity, homo sapiens fools himself with mythology. The complexity of the emergence and functioning of the socioeconomic order and its history and interpretation has led to Religious, Socialist, Antisemitic and Zionist myths, and the complexity of the biochemical order has led to countless scientific-medical potential myths like Germ Theory. Armed with the wisdom of 'The Austrians' we will be able to bust-dissolve various myths. We'll discuss various bits of wisdom from the book like some vital WWI and WWII history, science and much more.

Speaker: Jorge Besada. Jorge is a free market educator-activist. Economist Ludwig von Mises wrote: "all reasonable men are called upon to familiarize themselves with the teachings of economics. This is, in our age, the primary civic duty." Per Mises, Jorge is 100% devoted to 'the primary civic duty' and thus 'the teachings of economics'. His writings are frequently published at the Ludwig von Mises Institute, the Foundation for Economic Education, and LewRockwell.com. He is the author of "A Hayekian Worldview: Natural Selection and the Evolution of Life, Society, the Economic Crisis, Hip-Hop, and F.A. Hayek's Coming Intellectual Revolution" (2011), and more recently "The Freedom Intellectual Reconquista: The Growing 'Austrian Economics' Worldwide Revolution And Resulting Dissolution Of Myths Arising From Biochemical And Socioeconomic Complexity (Germ Theory, Socialism, Antisemitism, Zionism)" (2024). His books are available for free at www.besada.com

2025-06-16 17:30 - Field - Renaissance Dance on the Field with Rebecca Friedman!

Calendar: Hub Events

Hub:

Description:

Come learn some dances from the English Renaissance! No steps more complicated than walking required, but a lot more fun! English Country Dance is an ancestor of squaredancing and contra, which was practiced from late Elizabethan England through into the regency (we will focus on the earliest dances). No need to dress up, no need to dress down, come as you wish to be and have fun with us!

- A) Everyone is welcome.
- B) You don't need to bring a partner.
- C) Bring water, comfortable shoes recommended.
- D) This is renaissance dance, not medieval dance (you'd be surprised how often this gets confused! We don't have medieval dance, nobody wrote it down, and three centuries genuinely makes a big difference, but people sort of roll them together)

Note: This event will be held, weather permitting. If it is raining, it will likely be rescheduled or canceled.

2025-06-16 18:00 - RV 013 - Body Armor Show & Tell

Calendar: Hub Events

Hub: FireSteel.com Event Canopy at RV13

Description:

Who should come to this event?

Anybody interested in adding body armor to their kit or who has body armor as part of their kit.

Body armor can be used for SHTF, at the range for safety, or even in public places (concealed) if you're concerned about the neighborhood, venue, or situation; especially these days when you never know when or where evil or violence is going to show up. If you have firearms, then body armor should 100% be a part of your gear. Even if you don't have firearms, body armor should be something you might like to wear for safety in public places or at the range. Come look at some different options and share your thoughts and experiences.

Moderator: Mark Hansen. Mark is a special ed teacher and state parks ranger, and ex-security officer at a hospital in CT. He is a firearms enthusiast and proficient with pistol and rifle. He has a small collection of plate carriers and plates, and enjoys keeping up to date with firearms, gear reviews, and current 2A issues. He is a town captain and active in the CCDL (Connecticut Citizen's Defense League), Connecticut's 2A advocacy group.

Note: I'll bring the gear I have to show. Bring your gear to share what works for you. Slick carriers, carriers with pouches, soft armor, hard armor, etc. What do you carry on your kit? Bring your helmets if you have them, and share how you have them set up.

2025-06-17 09:00 - RV 013 - Life is Good: Daily AA Meeting at PorcFest

Calendar: Hub Events

Hub: FireSteel.com Event Canopy at RV13

Description:

Q: Who should come to our morning meetings?

A: Anybody who is practicing sobriety, new and old. People trying to get sober and/or kick the habit. People with zero days sober or many years of experience with sobriety. For those who choose not to partake in alcohol or other substances during PorcFest. For people who have kicked the habit or are trying to quit, join us in the morning at 9:00am for a coffee, meeting, support, and sharing of your thoughts and experiences about alcohol and staying clean. Support each other in our sobriety and talk about why life is better without the booze.

For some people, alcohol can be very addictive and dangerous. For others, it's not a problem. For those of us who have an addictive personality and have struggled to fight the negative health and emotional consequences of substances like alcohol, support groups and talking with others who have been through it is the best medicine. Don't let your friends, family and children remember you as an alcoholic. Don't let a substance defeat you. Find a higher power. Be a warrior! You can do it, and you'll get through it.

Organizer: Mark Hansen, Mark is a special ed teacher and past seasonal state parks ranger living in CT. Mark has been sober since February of 2015 and recently earned his 10 year chip! He is divorced and has two beautiful children. He enjoys hiking, camping, riding motorcycles and is enthusiastic about guns, self defense and the second amendment. He loves this country, but is not crazy about the government! LOL

. . Website: <https://www.aa.org/>

Note: Bring a coffee mug, tea or whatever you like. I'll bring a Keurig machine, and we'll try to have cups, coffee pods, sugar, creamer, etc. Or bring a little something to share just in case we run low on that kind of stuff. Maybe bring a snack to share? I thought it was a great way to start the day at PorcFest 2021 and we've been going strong since. Let's encourage and support each other!

...Life is good!!

2025-06-17 09:00 - *Cabin Yard - Stephen V: Improving Free State Migration

Calendar: *FSP - Dialogue - Hub

Hub: *Free State Project

Description:

Join Stephen for a crucial discussion on how the Free State Project can evolve to attract more libertarians and build a true Libertarian Homeland.

A software developer by profession, Stephen is the author of the Club 75 Manifesto. He was one of the earliest Free State Project participants, moving to New Hampshire in 2003. He has served as treasurer for both the New Hampshire Liberty Alliance and the Free State Project. He was also the libertarian candidate for Governor of New Hampshire in 2024.

Stephen is concerned that potential movers may see the FSP as too aligned with the GOP, limiting its appeal. He proposes to combat this by focusing more on the long-term goal of the FSP, and less on legislative wins that were already available in states like Florida.

Stephen's goal is to attract more voters and independent liberty builders to New Hampshire, and brainstorm programs that will encourage libertarians to make the move.

Don't miss this opportunity to help redefine the FSP's vision, take bold action, and push toward real liberty without the constraints of partisan politics!

Calendar: *FSP - Pavilion

Hub: *Free State Project

Description:

Joel Salatin and his family operate Polyface Farm in Virginia's Shenandoah Valley, producing salad bar beef, pigator pork, pastured poultry and forestry products. He's written 16 books and is editor of the world's premier pastured livestock trade journal, The Stockman Grass Farmer. The farm ships meat and poultry nationwide, has an on-farm store, services 35 urban drop points, restaurants, and boutique grocery stores. Featured in countless written and video media, including National Geographic, Time Magazine, and Food Inc., his redemptive work on a gullied rockpile of a farm encourages a generation of creation stewards. His blog is Musings from the Lunatic Farmer and weekly podcast is Beyond Labels. He travels the world advocating healing farm and food systems paired with food freedom. The farm hosts some 15,000 visitors per year for events, informational seminars, and tours. It maintains a 24/7/365 open door policy for anyone from anywhere to visit anytime and see anything unannounced.

This event is for attendees interested in safe and responsible firearm handling, especially those planning to carry at the festival or curious about New Hampshire firearm laws. The session covers two key areas: practical tips for safely and politely carrying firearms in public settings like PorcFest, and an overview of current NH firearm regulations, followed by a Q&A. Lekas, a three-term NH State Representative and long-time advocate for firearm law improvements, brings a wealth of expertise to this community-driven, liberty-focused gathering.

2025-06-17 12:00 - Daylight Freedom Tent - Zano Workshops (throughout the day)

Calendar: Daylight Freedom

Hub: Monerotopia/Daylight Freedom

Description:

As the world races toward central bank digital currencies and surveillance-backed stablecoins, the need for true financial privacy has never been more urgent. That's why we'll be running ****ongoing workshops on Zano**** throughout PorcFest.

Zano is a cutting-edge blockchain that enables you to tokenize and trade any asset—physical or digital—with Monero-level privacy. Whether you're new to crypto or a seasoned pro, these hands-on sessions will show you how to download and use a Zano wallet, and introduce you to powerful tools already built on the Zano ecosystem.

We'll demo a range of live and upcoming projects, including:

- * A private peer-to-peer exchange with no third parties
- * ZanoBay, a fully private online marketplace
- * Freedom Dollar, the first privacy stablecoin
- * Confidential Layer, which lets you bridge your trackable BTC, BCH, and ETH into Zano—making your crypto private, spendable, and fast

Don't miss this chance to learn how to take control of your financial privacy and explore real alternatives to the surveillance-driven digital economy.

Calendar: Hub Events

Hub: FireSteel.com Event Canopy at RV13

Description:

"Stitch and Bitch" groups (S&B) have been around since before WWII, when they were composed primarily of female knitters. In modern times, the S&B movement has gradually expanded to include all manner of crafters and fiber artists, as well as men and women. Our PorcFest edition will be of the modern type and will be a daily happening from noon to 2 PM at the FireSteel.com Event Canopy located at RV13.

Who should attend: Knitters, Crocheters, Embroiderers, Tatters, Felters, Leatherworkers, Cross Stitchers, Needlepointers, Sewers, Spinners, Crafters, Beaders, Wire Workers, etc, etc, etc, are all welcome to join us for some good old fashioned "Stitchin' an' Bitchin'". Bring a project and a drinking mug. We'll have hot water for tea, coffee, and maybe a sewing machine or two to use. Want to learn how to do these things? Come on over and we'll answer your questions and offer suggestions, but know that this is meant to be an informal hangout group, not a formal teaching class. Check out the separate teaching classes scattered throughout the schedule or watch a bunch of tutorials online so you can have a basic idea of what's involved. What are you waiting for? Come meet your new BFFs at this year's "Daily Stitch n' Bitch"!

2025-06-17 13:00 - *Pavilion - Sienna Mae Heath: Cocreating a More Beautiful World: Lessons from the Garden

Calendar: *FSP - Pavilion

Hub: *Free State Project

Description:

Rediscover agriculture as both nourishment and sacred metaphor—a path to unity, beauty, and purposeful living. Through the lens of The Sovereign Gardener, explore the freedom of growing food and flowers as an act of joyful interdependence and sacred stewardship. Blending practical gardening wisdom with reflections on timing, boundaries, and spiritual growth, this talk reveals how the garden mirrors our collective work: composting the old, nurturing the new, and being mindful not to fall into the decay we aim to transcend. From soaking seeds to deadheading petunias, we draw graceful lessons from nature's rhythms. Join us as we explore how beauty and function, fragrance and food, sovereignty and service all coexist in the garden—and how, by tending it, we might cocreate a more beautiful world.

Sienna Mae Heath is The Sovereign Gardener. She is the star and writer of the short documentary Real Unity, produced by Free the People and screened at the Anthem Film Festival (FreedomFest) 2021. Now, Sienna is the host of Food is Freedom on Free the People, where she shares advice for novice gardeners and interviews farmers, natural healers, and food and flower experts. Sienna has also hosted Leaving the Left for Liberty, interviewing whistleblowers, dissidents, and alternative voices from the Western world, and penned the video-poetry piece titled The Trampled Woman on the same platform. Follow her cocreating a more beautiful world on Substack, Medium, Facebook, and Instagram.

Calendar: *FSP - Liberty 101

Hub: *Free State Project

Description:

“Homesteading: Where to Begin”

This interactive workshop will help each participant to identify goals and action steps well suited to your unique situation, whether you live in the woods or the city.

Lauren is on her 18th PorcFest; that first one opened her eyes to a whole slew of topics she hadn't considered before, and she has not stopped questioning everything since. This quest ultimately led within, and Lauren has been working in the realm of personal development for over a decade, realizing it is key to living a life of freedom in a voluntary community.

In 2021 she moved to the Free State and founded Rooted Free Farm & Retreat Center in Henniker, a unique community gathering space on a historical farm, focusing on empowering people to live in truly sovereign ways. Lauren is trained in ceremonial facilitation and folk herbalism, and is currently working on certifications in trauma-informed plant medicine facilitation and breath work. She is an avid vegetable gardener, cans for fun, and has a weakness for chickens. Rooted Free welcomes many additional talented facilitators, and offers a variety of events year-round, which you can browse at www.rootedfree.com

Calendar: *FSP - Pavilion

Hub: *Free State Project

Description:

We're beset by voluntary action every day! It's not being recognized, so people don't see what a threat it is to the status quo. If people become aware of these actions or — worse — start realizing the awesome power behind them, it could allow for entire neighborhoods to become way too empowered and resilient. Be wary of some of the new tools that illuminate such activism.

Trent Larson is a PhD in Computer Science. he was an initial employee at Medici Ventures, which issued the first US SEC-registered blockchain-based security. Now employed by Medici Land Governance, which issued blockchain-based land registrations in Africa and is expanding into the US. Founder of 7-year-old Bountiful Voluntaryist Community in Utah, which continues to gather locals IRL for education and action.

Calendar: Hub Events

Hub: FireSteel.com Event Canopy at RV13

Description:

In this presentation, Sarah Thompson will share the essential remedies to have on hand for such situations as stroke, heart attack, loss of consciousness, snake bite and more, for scenarios where urgent first aid is needed while waiting for professional medical assistance. This presentation will be followed by a general Q&A on homeopathy, including explaining the difference between homeopathic and naturopathic or functional care, understanding the pace and response pattern in homeopathic treatment, and how homeopathic approaches to physical ailments can be leveraged towards healing larger stuck patterns in your life.

About Sarah: Sarah Thompson uses the tools of classical homeopathy and shamanic perspectives to facilitate the process of deep healing without drugs at the core level of susceptibility. She brings an holistic lens to the study of the history of medicine, the cartelization of medicine in the United States, and current social and political phenomena. Her own path to transformational healing came through her diagnosis of Acute Myeloid Leukemia in 2010.

Sarah has a lifelong history with liberty in NH, having grown up in Concord, and has been featured by the Brownstone Institute, the Tom Woods Show, Lew Rockwell, the Health Freedom Defense Fund, and Building Parallel Solutions with Bretigne Shaffer. She can be reached through nodrughealth.com. Health IS Freedom.

Calendar: *FSP - Pavilion

Hub: *Free State Project

Description:

I want to encourage you to raise your family on a homestead, farm, ranch, or small business... or at least have your kids earn some dopamine hits at a farm (homestead, ranch or small business), because of the people I know who grew up on Farm...are useful, competent and valuable. I will present you with options and what my Friends and I are doing to make sure our kids grow up to be useful, competent and valuable adults.

It all starts with earning dopamine hits while learning age appropriate skills and raising your own food, creating a lifetime of food sovereignty

Jay Noone was born in 1979 in western Massachusetts, and he was the oldest of six kids raised by libertarian horse trader Spud Noone. Growing up, Jay attended horse auctions, stacked hay, competed in rodeos, and joined freedom meetings. As a teen, he worked in various trades like HVAC, logging, and blacksmithing. Until 2013, Jay dealt hay and traded horses, then moved to Colorado to work on a large farm and dairy operation, advocating for Bitcoin. In 2016, Jay joined the Free State Project in New Hampshire, where he met his wife Shalon at PorcFest in 2014. They married in 2018, bought land, had kids and started raising livestock, aiming to prepare the next generation for independence. Jay launched ManCamp, a homeschool event teaching kids practical skills like welding and farming to build confidence. A long-time advocate of non-fiat trading with barter, Bitcoin, and precious metals, Jay co-hosts Free Talk Live and has appeared on Declare Your Independence. He's now developing "Invest In Our Posterity," a lecture series to encourage parents to raise confident, competent kids free from government reliance. kids, aiming to prepare the next generation for independence. Hub: Free State Acoustics

Description:

Join us for a rehearsal and jam party around the campfire at the hilltop wooded site of the Rebel Civics & Free State Acoustics hub centered on T50 as we practice, try new songs, jam a bit, and otherwise have musical fun. Bring your own chair and help us figure out which new songs we try are keepers and which are better off relegated the dust bin. Stop by for a minute or an hour and check us out as we prepare for Free State Acoustics shows throughout the PorcFest week. If you enjoy the music, tips in firewood currency (ie real money) are accepted.

A campfire jam at Rebel Civics T50 is where Free State Acoustics formed – here is the real vibe of our band!

“Sylvia’s Mother says, Sylvia’s packing, she’s going to be leaving today for New Hampshire”

– Dr. Hook and The Medicine Show

Check out Free State Acoustics playing the great Shel Silverstein tune Sylvia’s Mother by Dr. Hook at Freedom Palooza 2024 at the link below.

Free State Acoustics is a four piece band playing a wide variety of interesting songs from the 1950s through today in their own acoustic-focused style developed out of fireside jams and public performances for music lovers. Key to the sound is stunning vocals, classically derived violin melodies, intense acoustic guitar, and cajon rhythm. They play great songs from Fleetwood Mac to Radiohead, Allison Krause to Dr. Hook, The Cranberries to Dolly Parton, The Verve to John Prine and more. Free State Acoustics originally formed during fireside jams at PorcFest 2023, developed their sound in 2024 with shows at PorcFest, Freedom Palooza, and The SHELL, and has released a series of produced live music videos.

If link not working in the way you are viewing schedule go to YouTube “Keith The Hat Guy” channel and click on the Free State Acoustics playlist.

2025-06-17 19:00 - RV 013 - Assassinocracy: Imperial Japan, 1853-1945 with Bill Friedman

Calendar: Hub Events

Hub: FireSteel.com Event Canopy at RV13

Description:

When Admiral Perry landed on the shores of Japan in 1854, two groups of samurai illegally snuck onto his ship. The first wanted to catch a ride with him back to America to learn all of his secrets and make Japan a great power; the second wanted to murder him to terrify America into leaving Japan alone. This is the story of how cliques of assassins determined the course of Japan from Admiral Perry to their final defeat in 1945, and of how they forged the fate of their nation for better and for worse.

About the Speaker: Bill Friedman (yes, that Friedman) grew up with an abnormal number of history books in the house and has never stopped reading them, and he is here to get into interesting arguments with people and teach anyone who wants to learn about some of the coolest things in the past.

2025-06-17 20:00 - RV 013 - Overcoming Anti-Jewish and Zionist Fallacies Via A Modern Free Market One State Solution.

Calendar: Hub Events

Hub: FireSteel.com Event Canopy at RV13

Description:

A look at the history and evolution of Anti-Jewish fallacies, how they then led to Zionist fallacies and their combined numerous ramifications in WWI, WWII, the Israeli-Palestinian conflict, current Israeli-Hamas and Russia-Ukraine wars. Followed by introducing a modern free market one state solution that can not only help fix the suffering-chaos but also serve as a beacon of free market education to the world.

Speaker: Jorge Besada. Jorge is a free market educator-activist. Economist Ludwig von Mises wrote: "all reasonable men are called upon to familiarize themselves with the teachings of economics. This is, in our age, the primary civic duty." Per Mises, Jorge is 100% devoted to 'the primary civic duty' and thus 'the teachings of economics'. His writings are frequently published at the Ludwig von Mises Institute, the Foundation for Economic Education, and LewRockwell.com. He is the author of "A Hayekian Worldview: Natural Selection and the Evolution of Life, Society, the Economic Crisis, Hip-Hop, and F.A. Hayek's Coming Intellectual Revolution" (2011), and more recently "The Freedom Intellectual Reconquista: The Growing 'Austrian Economics' Worldwide Revolution And Resulting Dissolution Of Myths Arising From Biochemical And Socioeconomic Complexity (Germ Theory, Socialism, Antisemitism, Zionism)" (2024). His books are available for free at www.besada.com

2025-06-18 09:00 - RV 013 - Life is Good: Daily AA Meeting at PorcFest

Calendar: Hub Events

Hub: FireSteel.com Event Canopy at RV13

Description:

Q: Who should come to our morning meetings?

A: Anybody who is practicing sobriety, new and old. People trying to get sober and/or kick the habit. People with zero days sober or many years of experience with sobriety. For those who choose not to partake in alcohol or other substances during PorcFest. For people who have kicked the habit or are trying to quit, join us in the morning at 9:00am for a coffee, meeting, support, and sharing of your thoughts and experiences about alcohol and staying clean. Support each other in our sobriety and talk about why life is better without the booze.

For some people, alcohol can be very addictive and dangerous. For others, it's not a problem. For those of us who have an addictive personality and have struggled to fight the negative health and emotional consequences of substances like alcohol, support groups and talking with others who have been through it is the best medicine. Don't let your friends, family and children remember you as an alcoholic. Don't let a substance defeat you. Find a higher power. Be a warrior! You can do it, and you'll get through it.

Organizer: Mark Hansen, Mark is a special ed teacher and past seasonal state parks ranger living in CT. Mark has been sober since February of 2015 and recently earned his 10 year chip! He is divorced and has two beautiful children. He enjoys hiking, camping, riding motorcycles and is enthusiastic about guns, self defense and the second amendment. He loves this country, but is not crazy about the government! LOL

. . Website: <https://www.aa.org/>

Note: Bring a coffee mug, tea or whatever you like. I'll bring a Keurig machine, and we'll try to have cups, coffee pods, sugar, creamer, etc. Or bring a little something to share just in case we run low on that kind of stuff. Maybe bring a snack to share? I thought it was a great way to start the day at PorcFest 2021 and we've been going strong since. Let's encourage and support each other!

...Life is good!!

2025-06-18 09:00 - *Liberty 101 - The NovaSapien Bitcoin Bootcamp: The Antidote to Fiat's Flaws & Foundation for Our Future

Calendar: *FSP - Liberty 101

Hub: *Free State Project

Description:

Bitcoin: The Antidote to Fiat's Flaws & Foundation for Our Future

NovaSapien's Joshua Groth reveals how Bitcoin's fixed supply and decentralized nature crush inflation and free us from the perverse incentives of fiat money. Learn how bitcoin incentivises collaboration and mutual prosperity, safeguards wealth and fuels individual sovereignty. Be part of the change as we discover how bitcoin revolutionizes money for a freer, fairer future for all.

This workshop is part of a 4-part series. Join each morning 9-10 am in Liberty 101, Wednesday through Saturday mornings. Then on Sunday morning 9-10 am there will be a wallet recovery and general discussions Q&A.

Joshua Groth:

Raised in the Rocky Mountains above Boulder, Colorado, Joshua's passion for adventure and aviation has taken him around the world as a commercial pilot, paraglider pilot, BASE jumper, climber, and alpinist. After a decade flying outback air safaris in Australia, as the world was locked down during Covid, Joshua studied Austrian economics, exploring the history and nature of money. Joshua advocates for Bitcoin as a foundation for individual freedom, peace, and prosperity for humanity. Leveraging his aviation expertise in risk management and systems development, he provides innovative tools and best practices for bitcoin self-custody and personal sovereignty. As the founder of NovaSapien, Joshua's team offers Bitcoin wallet recovery services, online courses, and self-custody kits and materials. With successful wallet recoveries from past PorcFest goers, his company NovaSapien is a gold-level sponsor this year. Find out more at www.novasapien.com

Workshops and presentations will be held at Liberty 101, 9-10 am Wed – Sunday.

Company Description

NovaSapien specializes in bitcoin self-custody best practices, education, and bitcoin wallet recovery. With a proven track record of successfully recovering wallets from past PorcFest attendees, NovaSapien offers expert assistance to access long-held or inaccessible Bitcoin wallets. NovaSapien's online courses provide step-by-step guidance on self-custody best practices, with consulting services for personalized solutions and hands-on training – available virtually or in-person. Self-custody kits and materials ensure users have the tools needed for confidence-inspiring self-custody. Visit NovaSapien at PorcFest or attend one of their workshops/presentations at Liberty 101 to discuss wallet recovery or learn how they can support your Bitcoin journey.

Description:

Self Management and Recovery Training (SMART)

SMART Recovery is an evidenced-informed recovery method grounded in Rational Emotive Behavioral Therapy (REBT) and Cognitive Behavioral Therapy (CBT), that supports people with substance dependencies or problem behaviors to:

- 1) Build and maintain motivation
- 2) Cope with urges and cravings
- 3) Manage thoughts, feelings and behaviors
- 4) Live a balanced life

Discover the power of choice! SMART provides a framework to overcome addiction and problematic behavior such as eating disorders by learning tools to change behavior. You are not powerless! Come find out more, or just listen and hear others' stories on what has or hasn't worked for them. While SMART is focused on abstinence, everyone is welcome. If you're curious, looking for harm reduction, or ready to make a big change, you are welcome!

Mike served as a police officer in Broward County from 2010 through 2021, including as a field training officer for several years, all as a registered Libertarian. Mike's prior career in finance and economics included work with commercial banks, the White House Office of Management and Budget, and international and federal agencies. He advocated for free markets on behalf of the American Bankers Association for nine years before starting a professional education and strategic consulting business for bank executives in 2002, which he ran until 2009. Mike has traveled in thirty-five countries, taught economics at three universities, and been a substitute teacher at dozens of Broward county public schools. He has one wife, two kids and two stepdaughters, two dogs, and one truck, a BS in Aeronautical Engineering, an MBA from Rensselaer Polytechnic Institute, and MS and PhD degrees in Economics from The George Washington University

2025-06-18 11:00 - RV 092 - Meet the Regions

Calendar: Hub Events

Hub: Independence Realty Group

Description:

Selecting a region in New Hampshire is as important as selecting a home. New Hampshire has so many regions, each with its own distinctive features. We, at Independence Realty Group at Coldwell Banker Realty, believe that selecting an area to live is the first step to your move to New Hampshire. There's the beauty of the scenic mountains area where you can climb to the top and your reward will be a breathtaking view, or maybe you prefer a place to relax or surf - that would be the seacoast area. You might be excited about living among the trees where you can whiz through the woods on an ATV or snowmobile. And there's more. There are class II rapids where your entire family can enjoy exhilarating views while you ride a chairlift to our snow-covered slopes for exciting skiing. The take away from this secession will be an understanding of the wide depth of geographical, economical, educational, and social features New Hampshire has to offer and there is a right space for you.

Calendar: *FSP - Pavilion

Hub: *Free State Project

Description:

Lyn Ulbricht is the mother of Ross Ulbricht, the creator of the Silk Road. Ross received a double life sentence without parole for all non-violent charges. Since Ross was arrested until he was freed, Lyn worked tirelessly to bring awareness to the case and raise funds for Ross's defense through www.FreeRoss.org, media interviews, public appearances and other efforts. Lyn has witnessed how the U.S. government prosecutes citizens, suppresses evidence and violates the Constitution. She has learned how the precedent set with this case threatens internet freedom and expands government power, and how the power of Love can truly move mountains. She believes it is a story that needs to be told.

Calendar: Hub Events

Hub: FireSteel.com Event Canopy at RV13

Description:

"Stitch and Bitch" groups (S&B) have been around since before WWII, when they were composed primarily of female knitters. In modern times, the S&B movement has gradually expanded to include all manner of crafters and fiber artists, as well as men and women. Our PorcFest edition will be of the modern type and will be a daily happening from noon to 2 PM at the FireSteel.com Event Canopy located at RV13.

Who should attend: Knitters, Crocheters, Embroiderers, Tatters, Felters, Leatherworkers, Cross Stitchers, Needlepointers, Sewers, Spinners, Crafters, Beaders, Wire Workers, etc, etc, etc, are all welcome to join us for some good old fashioned "Stitchin' an' Bitchin'". Bring a project and a drinking mug. We'll have hot water for tea, coffee, and maybe a sewing machine or two to use. Want to learn how to do these things? Come on over and we'll answer your questions and offer suggestions, but know that this is meant to be an informal hangout group, not a formal teaching class. Check out the separate teaching classes scattered throughout the schedule or watch a bunch of tutorials online so you can have a basic idea of what's involved. What are you waiting for? Come meet your new BFFs at this year's "Daily Stitch n' Bitch"!

Calendar: *FSP - Dialogue - Hub

Hub: *Free State Project

Description:

Join Carla for an engaging discussion on how the liberty movement can connect more deeply with others by blending IQ and EQ.

She'll explore the power of storytelling—why we care about liberty, what shaped us, and how sharing our personal stories can humanize the cause and inspire action. Let's brainstorm ways to train liberty advocates to tell their stories in ways that resonate emotionally, creating stronger, more authentic connections.

If we want liberty to thrive, we need to start winning hearts, not just arguments.

Calendar: *FSP - Liberty 101

Hub: *Free State Project

Description:

JP will explore the historical rise and fall of fiat currency, focusing on its consequences since the 1971 shift from the gold standard. The talk will examine fiat's modern pitfalls—chronic inflation, economic instability, and eroded trust—and highlight the burgeoning nationwide movement to restore sound money. From state-level reforms to federal initiatives and global shifts, governments and nations are increasingly turning to politically neutral, inflation-proof gold as a solution to restore sanity to economies that have long abandoned any tether to reality.

Nature Lover's First Aid Workshop

Calendar: Hub Events

Hub: FireSteel.com Event Canopy at RV13

Description:

In WHAT TO DO WHEN YOU GET HURT IN THE WILDERNESS, Holly will teach you what to do in an emergency. She will tell you what to bring along into the woods. The workshop covers a variety of scenarios and provides solutions that come directly from nature.

The workshop will be held outdoors on the grass so make sure you wear comfortable clothing. I will be providing both theory and practical applications for the most common accidents that happen in the wild. Make sure your clothing allows you to raise your foot to be wrapped during the demonstration.

What will you learn:

- A step by step guide to assess the emergency and choose the right response.
- How to handle cuts, rashes, bug bites, and other trail mishaps when adventure turns painful.
- How to stock and prepare for an emergency during hiking or foraging.
- How to anticipate and respond to common wilderness emergencies.
- How to effectively communicate with emergency personnel.
- How to recognize the need to evacuate an area.

I CAN'T WAIT TO SEE YOU IN CLASS!

About the Instructor: Holly McColm is a well-rounded health care professional. She is a forager and an herbalist who has been studying healing herbs since early childhood. As an adult Holly was trained to be a first responder in harsh environments: remote oil fields, extreme cold and heavy machinery emergencies. She worked as an oilfield paramedic for 25 years. Holly is a practicing herbalist, Reiki master, and reflexologist, she integrates allopathic medical first aid with natural healing approaches.

2025-06-18 14:00 - RV 115 - Renaissance Music Session with Rebecca and Betty

Calendar: Hub Events

Hub: NCP Lounge (North Country Porcupines)

Description:

Come play with us! We will bring some music from the 15th and 16th centuries to play through. Sight reading is helpful but you don't need to be very good at it; one nice thing about the music of this period is that it has parts of variable difficulties, so people of different experience levels can play together without anyone getting bored.

Target Audience: Anyone who can play an instrument, sight reading a major plus. All ages welcome.

Bios: Rebecca grew up around early music. She has been playing harp since the age of 11, and learned sight reading pretty much by playing along on this kind of music with her mother and her friends. Betty also grew up with early (and classical) music, plays violin, and has been playing or singing early music for most of her life. This is a version of an event they host weekly at home.

2025-06-18 15:00 - *Pavilion - Jody Underwood: The Problem with Public Schools

Calendar: *FSP - Pavilion

Hub: *Free State Project

Description:

In 2024, 72% of families considered education solutions outside the government school system — but many of them have fears and misconceptions about what they are allowed to do. Education Options (EdOpt) empowers families to take control of their children's education by exploring flexible, personalized alternatives. In this session, we will discuss the challenges in our school system and the bold directions EdOpt is taking to revolutionize learning. Come help us overcome our roadblocks.

"You never change things by fighting the existing reality. To change something, build a new model that makes the existing model obsolete."
— Buckminster Fuller

Jody Underwood is the President/Chair of EdOpt. Jody Underwood has spent almost all of her life involved in education. Retired in 2023, she's a learning scientist — she designed and produced software to help students learn or be assessed. For many years she worked for the Research Division of Education Testing Service (ETS), the people who bring you the SAT, NAEP, and other standardized tests. She served on the Croydon NH School Board from 2010-2023, serving as chair much of the time. She's a founding board member of the non-profit School District Governance Association, whose mission is to help school board members discover their lawful powers. She has been involved in bill review, focusing on the vast number of education bills proposed each year, for the NH Liberty Alliance and for the SDGA. Along with a small team, began the process of starting a charter school in the Upper Valley area. We found that the law wouldn't allow us to do the type of school we wanted. But we learned a lot about the process along the way. Jody worked with the founders to set up Micah Studios, a learning center, in Newport NH, which started in September 2024. She has a Ph.D. in Science and Technology Education and a B.S. and M.S. in computer science, with a focus on artificial intelligence. Jody's dream has always been to revolutionize learning environments to engage individuals to move ahead at their own pace. She and her husband, Ian Underwood, moved to NH in 2007.

Join Sarah Thompson for any or all of a three-day series of conversations in the spirit of Brownstone Institute salons of years past. Bring your beverages and your snacks for this Happy Hour chat. Sarah will open up the afternoon with a short talk and then we can take it anywhere we'd like it to go.

Topics will include:

- The Remedy is not the Cure: politics and social shifts (and Trump) through through an holistic lens
- The Great Health Hijack: how the American Medical Association is responsible for the mess we're in
- Child Sacrifice as a Family Value: putting one's own children in harms way as a hazing ritual for membership in Progressive society

Sarah Thompson uses the tools of classical homeopathy and shamanic perspectives to facilitate the process of deep healing without drugs at the core level of susceptibility. She brings an holistic lens to the study of the history of medicine, the cartelization of medicine in the United States, and current social and political phenomena. Her own path to transformational healing came through her diagnosis of Acute Myeloid Leukemia in 2010.

Sarah has a lifelong history with liberty in NH, having grown up in Concord, and has been featured by the Brownstone Institute, the Tom Woods Show, Lew Rockwell, the Health Freedom Defense Fund, and Building Parallel Solutions with Bretigne Shaffer. Das Treffen „Neue Heimat“ (New Homeland), soll ein Gespräch mit Martina Held über Geschehnisse die im 19ten Jahrhundert mit einer einzigartigen und erfolgreichen Kolonisation von Deutschen im Süden Chiles am Llanquihue See (Lago Llanquihue) geschehen ist. Die Motivation war eine bessere Zukunft für die Familie und Nachkommen aufzubauen. Das ist wohl der gleiche Grund, weshalb wir Heute auch neue Horizonte suchen. Eine schwierige und unfreie Alte Heimat aufgeben und eine Neue Heimat suchen. Die Veranstaltung findet auf Deutsch statt. Martina ist dieses Jahr aus ihrer Heimat Chile zu ihrem zweiten PorcFest gereist, um die Woche mit freiheitsliebenden Menschen zu verbringen und am deutschen Zeltplatz zu campen. Martina ist Chilenin der fünften Generation, die mit deutschen Wurzeln aufgewachsen ist. Die Hauptsprache in Chile ist Spanisch aber sie spricht auch Deutsch. Sie ist Landwirtin und lebt auf dem Land und so ist sie auch mit der Zeit AnCap geworden. Ihre Vorfahren und Sie wissen sehr wohl, was schlechte, kollektivistische und große staatliche Regierungen anstellen können.

The “New Homeland” meeting will be a conversation with Martina Held about events that took place in the 19th century with a unique and successful colonization of Germans in southern Chile on Lake Llanquihue. The motivation was to build a better future for the family and descendants. This is probably the same reason why we are seeking new horizons today: to give up a difficult and unfree old homeland and search for a new one. The event will be held in German. Martina traveled from her home country of Chile this year for her second PorcFest to spend the week with freedom-loving people and camp at the German campsite. Martina is a fifth-generation Chilean who grew up with German roots. The main language in Chile is Spanish, but she also speaks German. She is a farmer and lives in the countryside, and so over time she too became AnCap. You and your ancestors know very well what bad, collectivist, and big-government governments can do.

As far as we know, this is the first German language scheduled event at a PorcFest. With the large German speaking freedom loving contingent attending this year, this won't be the last!

Bring your own chair or sit on the hillside grass under the shadetrees at the hilltop Rebel Civics Hub. Find T50 easily by the large “Don't Tread On Me” Flag.

2025-06-18 17:00 - *Cabin Yard - Gardening as a Blueprint for Healthy Relationships and Cocreating a More Beautiful World

Calendar: Hub Events

Hub: *Free State Project

Description:

Sienna Mae Heath is known as The Sovereign Gardener. Based in Bethlehem, PA, she is a gardening consultant, herbal tea grower, workshop creator, writer, and host of two shows on Free the People, "Food is Freedom" and "Real Unity." Did you know that there is a spectrum among plants, likewise among people, from "antagonistic" to "companion" relationships?

With Sienna today, you'll rediscover agriculture as both nourishment and sacred metaphor—a path to unity, beauty, and purposeful living... and explore the freedom of growing food and flowers as an act of joyful interdependence and sacred stewardship.

Blending practical gardening wisdom and curriculum with reflections on timing, boundaries, and spiritual growth, this talk reveals The Sacred Freedom of Growing Food & Flowers... in how the garden mirrors our collective work: composting the old, nurturing the new, and being mindful not to fall into the decay we aim to transcend.

From soaking seeds to deadheading petunias, we draw graceful lessons from nature's rhythms... and experience beauty and function, fragrance and food, sovereignty and service all coexisting in the garden. By tending it, as she says, we might cocreate a more beautiful world.

2025-06-18 18:00 - *Pavilion - Free State Stand-up Comedy Night hosted by Tall Bill Barger

Calendar: *FSP - Pavilion

Hub: *Free State Project

Description:

Join us at the Main Pavilion for an evening of stand-up comedy! We will have a great lineup from in-state and around the country, featuring special guest Scott Horton, along with Addison Liberty Patrick, Duke Duquette, headliner Joe Nahme, Mike DuPont, and Ken Murphy. Hosted by Tall Bill Barger.

Lineup:

Joe Nahme, Scott Horton, Addison Liberty Patrick, Duke Duquette, Mike DuPont, Ken Murphy, and hosted by Bill Barger.

Joe Nahme is a comedian from NH. He has done comedy in Los Angeles at the Comedy Store and was also a regular at the New York Comedy Club. He was recently voted one of the Best local Comedians in the State by the Hippo Magazine.

Scott Horton:

Scott Horton is director of The Libertarian Institute, editorial director of the online written publication Antiwar and host of the Scott Horton Show podcast. He has conducted more than 6,000 interviews since 2003. He is the author of Provoked: How Washington Started the New Cold War With Russia and the Catastrophe in Ukraine (2024), Enough Already: Time to End the War on Terrorism (2021), Fool's Errand: Time to End the War in Afghanistan (2017) and editor of The Great Ron Paul: The Scott Horton Show Interviews 2004-2019 (2019) and Hotter than the Sun: Time to Abolish Nuclear Weapons (2022). He lives in Austin, Texas with his wife, Larisa Alexandrovna Horton.

Addison "Liberty" Patrick:

Addison "Liberty" Patrick is a Washington DC-based comedian, speaker, and the Founder of FEMMEpower Network. Her entrepreneurial spirit has earned her a spot in the Liberty Ventures Principled Business Pitch Competition at FreedomFest 2025, where she will compete for \$25,000. Known for her quick wit, Addison is a seasoned event planner, producer, and highly sought-after trivia host with a natural ability to entertain. Addison brings a unique and humorous perspective to the stage. She has performed at venues like the DC Comedy Loft and is currently seeking a publisher for her book—you can find out more at her FireSteel.com event canopy talk (check event schedule for details). Her motto is to "live a life you don't need a vacation from."

Instagram: @addisonlibertycomedy

Duke Duquette:

At just 22, Boston-based stand-up comedian Duke Duquette has already perfected the ancient art of dick jokes. Born with a sharp wit, a shameless sense of humor, and an unfiltered mouth, Duke's sets are a chaotic blend of self-deprecation, absurdity, and anatomy references your grandma definitely wouldn't approve of. Whether he's riffing on Tinder disasters, growing up weird, or why the male ego is funnier than it thinks it is, Duke keeps crowds howling — and slightly uncomfortable. Catch him at local clubs around Boston, or hear him bombing "on purpose" at open mics.

Mike Dupont:

Mike Dupont is a Massachusetts based stand up-comedian known for his blend of clever writing, audience interaction and a touch of absurdity making him a standout performer in the New England comedy circuit. He co-created and co-hosts The High School Dropout, a unique monthly comedy showcase located at The Laugh Attic in Strange

2025-06-18 18:00 - RV 013 - Censorship Leads to War and Genocide — Only Open Debate Can Bring Peace.

Calendar: Hub Events

Hub: FireSteel.com Event Canopy at RV13

Description:

We explore the use and abuse of memorial laws and censorship in Russia, Germany and Israel, and how they foster(ed) massacres, revolutions, wars and genocides. Then we explore, using the prime examples of Israel and Germany, how unopposed indoctrination, secured by censorship against opposing views, leads to the traumatization of entire populations, and induces political paranoia that leads to war and genocide. The genocide called "Holocaust" is used as a reason and excuse to commit another genocide. A way out of this vicious circle is offered by giving an example of how Freedom of Speech can end the trauma.

Speaker: Germar Rudolf. Germar was working on his PhD in 1991 at the Max Planck Institute for Solid-State Research in Stuttgart, Germany, when he was hired by a law firm to conduct forensic research on Auschwitz. Between 1992 and 1994, the results were submitted during various court cases against defendants "denying the Holocaust," which is a crime in Germany (5 years maximum prison term). Based on his forensic results, Germar concluded that mass gassings cannot have happened at Auschwitz as commonly claimed.

The German authorities' reaction: prosecution, rejection of all evidence offered in his defense, conviction to 14 months in prison, and misuse of a still-valid Hitler law to deny him his Ph.D.. Undeterred, Germar launched a research project into the Holocaust that led to further persecution. Hence, he left Germany. He eventually applied for political asylum in the U.S., married a U.S. citizen and had a child with her, but was then deported back to Germany in 2005 in violation of U.S. law (Trump isn't the first administration to deport immigrants illegally).

In Germany, he was put on trial for history books he wrote while in the U.S., where these are legal. Any defense in the matter was not just denied, but declared a crime. He was sentenced to 30 more months. After serving his time as a political prisoner, he immigrated back to the U.S.

Germar now heads the U.S. free speech organization Committee for Open Debate on the Holocaust (CODOH.com) and is chief editor of their historical quarterly "Inconvenient History" (InconvenientHistory.org). He has released more than 90 history books as a publisher (Armreg.co.uk), among them the 53 volumes of his unmatched research series "Holocaust Handbooks (HolocaustHandbooks.com). He has created 8 documentaries and authored 20 non-fiction books, among them the bestselling "Holocaust Encyclopedia" (HolocaustEncyclopedia.com; also translated into German and Spanish). His most recent works include "Nazi Gas Chambers: The Roots of the Story" (2024) and "The Holocaust: Proven at Nuremberg?" (2025). In early 2025, he launched his latest project, the "Holocaust Academy" (HolocaustAcademy.com), dedicated to bringing critical thinking to Holocaust education.

STRENGTH through SINGING? Do Physical Therapy Karaoke! (PTK)

Physical Therapy Karaoke is a totally new technique, inadvertently discovered by SJ Seymour as she recovered from a life-threatening car accident in 2022. After 4 months in a wheelchair, singing became an essential part of not just healing her body and learning to walk again but actually strengthening the core muscles, including the diaphragm.

Come learn how this technique is different from regular karaoke, and develop your core muscles in a way never before explored. No experience necessary; do not need to be a fabulous singer. All ages and bodies welcomed. The only requirement: the will to get stronger and laugh while doing so!

SUZ SEYMOUR has been a massage therapist for 34 years, and is a past President of the Vermont American Massage Therapy Association. She is a lifelong biker, kayaker, hiker, comedian and singing enthusiast. She lives in a cabin in VT with her kitty, Cinnamon Bun.

Calendar: Hub Events

Hub: FireSteel.com Event Canopy at RV13

Description:

Q: Who should come to our morning meetings?

A: Anybody who is practicing sobriety, new and old. People trying to get sober and/or kick the habit. People with zero days sober or many years of experience with sobriety. For those who choose not to partake in alcohol or other substances during PorcFest. For people who have kicked the habit or are trying to quit, join us in the morning at 9:00am for a coffee, meeting, support, and sharing of your thoughts and experiences about alcohol and staying clean. Support each other in our sobriety and talk about why life is better without the booze.

For some people, alcohol can be very addictive and dangerous. For others, it's not a problem. For those of us who have an addictive personality and have struggled to fight the negative health and emotional consequences of substances like alcohol, support groups and talking with others who have been through it is the best medicine. Don't let your friends, family and children remember you as an alcoholic. Don't let a substance defeat you. Find a higher power. Be a warrior! You can do it, and you'll get through it.

Organizer: Mark Hansen, Mark is a special ed teacher and past seasonal state parks ranger living in CT. Mark has been sober since February of 2015 and recently earned his 10 year chip! He is divorced and has two beautiful children. He enjoys hiking, camping, riding motorcycles and is enthusiastic about guns, self defense and the second amendment. He loves this country, but is not crazy about the government! LOL

. . Website: <https://www.aa.org/>

Note: Bring a coffee mug, tea or whatever you like. I'll bring a Keurig machine, and we'll try to have cups, coffee pods, sugar, creamer, etc. Or bring a little something to share just in case we run low on that kind of stuff. Maybe bring a snack to share? I thought it was a great way to start the day at PorcFest 2021 and we've been going strong since. Let's encourage and support each other!

Calendar: *FSP - Pavilion

Hub: *Free State Project

Description:

Want to fight the war machine? Defend the Guard is the anti-war, state-level legislation making it's way through the states and will force Congress to formally declare war before the National Guard units will be released for overseas combat. We'll cover the status of the bill, and how you can help!

Tom Mannion is a former Marine born and raised in Massachusetts, but he never felt like he fit in there. He had read about New Hampshire winning the title of the most free state and followed its progress on the personal liberty front for years. When 2020 hit and restrictions and lockdowns became the norm, he used New Hampshire's libertarian spirit as inspiration to change his local community. Unfortunately, the people of Massachusetts were content living under the security theater imposed by the State and he wasn't able to make any progress. This prompted Tom to finally make the move to New Hampshire, a state better aligned with his beliefs. His new freedom has provided perspective on the failures of his home state and fueled his drive to keep New Hampshire moving toward liberty.

2025-06-19 11:00 - *Liberty 101 - Kitty Michelotti: Homeschooling in New Hampshire

Calendar: *FSP - Liberty 101

Hub: *Free State Project

Description:

Homeschooling in the Free State: how choosing to keep your child out of government schools could be the most important move you make after moving to New Hampshire. Yes, you can do it while working. And no, you will not be doing it alone.

Kitty began working in alternative education settings on a 200-acre educational dairy farm in New York. At Sprout Creek Farm, Kitty learned to supplement and support the curriculum students were studying in the classroom with hands-on experiences she provided in the barns, gardens, and fields. Kitty earned Bachelor's Degrees in Animal Science and English from Colorado State University (CSU), returned to Sprout Creek for two years as an AmeriCorps Volunteer, then received her Masters in Cooperative Extension Education at CSU. Her thesis project was a science-based summer camp (before STEM or STEAM were a thing), and it solidified her commitment to inspiring learning in kids in engaging ways they would retain. Becoming a homeschooler was the ideal amalgamation of Kitty's free-spirited teaching methods, love of children, and of learning. She was appointed by the NH Education Commissioner, Frank Edelblut to serve as a homeschool liaison on the Home Education Advisory Council as a member, and elected Chairwoman. Kitty was on the administrative team and newsletter editor for Granite State Home Educators, the largest homeschool organization (over 5,000 members) in New Hampshire. Presently, Kitty is an educator at Chesterbrook School of Natural Learning as well as President of the Board and educator at Latitude Learning Resources in Derry, NH.

2025-06-19 13:30 - *Pavilion - Noro Tactical Training

Calendar: *FSP - Pavilion

Hub: *Free State Project

Description:

This year at PorcFest, the Noro Tactical Games will put your strength, speed, and grit to the ultimate test. Think you're tough? It's time to prove it.

First up, the Carry Medley challenges competitors to haul serious weight down a 20-yard course — faster than anyone else. You'll grip heavy farmer carry handles loaded to 150% of your bodyweight, muscle a 200-pound anvil, and wrestle an 80-pound heavy bag across the finish line. It's a brutal race against the clock where raw strength and pure willpower make all the difference.

Next, it's time to catch your breath — if you can — before taking on the Wind Sprints. In this punishing 300-yard shuttle run, you'll sprint back and forth between cones, 25 yards at a time, six relentless times without a break. Your legs will burn, your heart will pound, and your time will tell the story. The fastest warrior wins.

Finally, we crank up the chaos with the Ammo Can Shuffle — a test of balance, explosiveness, and grit. Grab a rock-loaded ammo can, lunge-walk it halfway down the field, leapfrog over it five times, then side-shuffle your way to the finish. It's fast, it's fierce, and it's guaranteed to leave you breathless.

The Noro Tactical Games are not just about strength — they're about guts, hustle, and heart.

Show up. Step up. Dominate.

The 1:30-2:30 time in the Liberty Ecclesia tent overlaps other sessions to allow for people to come and go without missing an important session.

2025-06-19 14:00 - RV 115 - Renaissance Music Session with Rebecca and Betty

Calendar: Hub Events

Hub: NCP Lounge (North Country Porcupines)

Description:

Come play with us! We will bring some music from the 15th and 16th centuries to play through. Sight reading is helpful but you don't need to be very good at it; one nice thing about the music of this period is that it has parts of variable difficulties, so people of different experience levels can play together without anyone getting bored.

Target Audience: Anyone who can play an instrument, sight reading a major plus. All ages welcome.

Bios: Rebecca grew up around early music. She has been playing harp since the age of 11, and learned sight reading pretty much by playing along on this kind of music with her mother and her friends. Betty also grew up with early (and classical) music, plays violin, and has been playing or singing early music for most of her life. This is a version of an event they host weekly at home.

"Who's Really In Control?"

Explore triggers and motivators, and the role these play in how we show up in the world. Learn nervous system regulation techniques, and try a revelatory process called Why Mining to discover what's really driving you.

Lauren is on her 18th PorcFest; that first one opened her eyes to a whole slew of topics she hadn't considered before, and she has not stopped questioning everything since. This quest ultimately led within, and Lauren has been working in the realm of personal development for over a decade, realizing it is key to living a life of freedom in a voluntary community.

In 2021 she moved to the Free State and founded Rooted Free Farm & Retreat Center in Henniker, a unique community gathering space on a historical farm, focusing on empowering people to live in truly sovereign ways. Lauren is trained in ceremonial facilitation and folk herbalism, and is currently working on certifications in trauma-informed plant medicine facilitation and breath work. She is an avid vegetable gardener, cans for fun, and has a weakness for chickens. Description:

Learn about the history of the libertarian movement. This talk is for both newcomers to the movement and old timers who think that the libertarian movement is just one thing. (Spoiler: it's not.)

The libertarian movement came from a long progression of thought through the centuries, with the modern movement being created and named by a couple of guys you may not know about. There have also been many forks in the movement and you're on one of them. I'm likely on another fork. Let's learn which one we're each on.

About the speaker: Jack has been in the libertarian movement for ~55 years, with participation in Objectivism, the LP, tax strikes, right-to-travel, separation of school & state, left libertarianism, children and father's rights, agorism, 9/11 Truth, health freedom and anti-lockdown segments of the movement. He's an early FSPer and one of the few people who has attended every PorcFest from the beginning.

Description:

Free State Acoustics provides an afternoon music break at the LPNH Hub, located at site RV 61 (aka Punks For Liberty).

WARNING: There is significant risk of crazy liberty discussions breaking out during this event.

"You might be crazy, I might be crazy, we might be crazy, possibly."

- Gnarl's Barkley

Free State Acoustics is a four piece band playing a wide variety of interesting songs from the 1950s through today in their own acoustic-focused style developed out of fireside jams and public performances for music lovers. Key to the sound is stunning vocals, classically derived violin melodies, intense acoustic guitar, and cajon rhythm. They play great songs from Fleetwood Mac to Radiohead, Allison Krause to Dr. Hook, The Cranberries to Dolly Parton, The Verve to John Prine and more. Free State Acoustics originally formed during fireside jams at PorcFest 2023, developed their sound in 2024 with shows at PorcFest, Freedom Palooza, and The SHELL, and has released a series of produced live music videos.

2025-06-19 16:00 - Daylight Freedom Tent - Bitcoin was Hijacked. So What? What happens next?

Calendar: Daylight Freedom

Hub: Monerotopia/Daylight Freedom

Description:

Join Steve Patterson (co-author of Hijacking Bitcoin), Aaron Day, Sal Mayweather, Joel Valenzuela, and Doug Tuman for a deep discussion on the uncomfortable truth: Bitcoin was successfully hijacked. What was once a decentralized peer-to-peer cash system has been co-opted by a coordinated alliance of intelligence operatives, traditional financial interests, and insiders who used propaganda, censorship, and manufactured scarcity to reshape Bitcoin in their image.

While this reality is now broadly recognized within informed circles, the success of these tactics cannot be ignored. As we stand on the edge of a new threat—central bank digital currencies and surveillance-backed stablecoins—we must ask: what lessons can we take from Bitcoin's capture? How do we resist similar manipulation in the future, and what tools or strategies can preserve financial freedom in the face of growing digital control?

Sarah will open up the afternoon with a short talk and then we can take it anywhere we'd like it to go.

Topics will include:

- The Remedy is not the Cure: politics and social shifts (and Trump) through through an holistic lens
- The Great Health Hijack: how the American Medical Association is responsible for the mess we're in
- Child Sacrifice as a Family Value: putting one's own children in harms way as a hazing ritual for membership in Progressive society

Sarah Thompson uses the tools of classical homeopathy and shamanic perspectives to facilitate the process of deep healing without drugs at the core level of susceptibility. She brings an holistic lens to the study of the history of medicine, the cartelization of medicine in the United States, and current social and political phenomena. Her own path to transformational healing came through her diagnosis of Acute Myeloid Leukemia in 2010.

Sarah has a lifelong history with liberty in NH, having grown up in Concord, and has been featured by the Brownstone Institute, the Tom Woods Show, Lew Rockwell, the Health Freedom Defense Fund, and Building Parallel Solutions with Bretigne Shaffer. Calendar: Hub Events

Hub: *Free State Project

Description:

To Taste the Revolution this year at PorcFest, we are resurrecting an old tradition: the "One Pot Cook-Off!"

Thursday evening, chefs across the campground will be showcasing their cooking talents with a one-pot meal (soup, chili, stew, etc), serving sample sized portions for all ticket-holding judges.

Judges will travel across the campground to sample each dish and vote on the best of the bunch. Prizes will be awarded for the best and most unique meals.

We are still looking for more chefs! Even I will be cooking-up a one-pot dish, and I hope you consider joining in. To sign-up as a chef, please send an email to Amber: Amberdaves08@gmail.com.

For judges, we have only 100 tickets available to participate and enjoy the many dishes of the cook-off. This is a great opportunity to meet all your neighbors at PorcFest, tour the campground, and sample great food.

Grab your ticket for \$25 to Taste the Revolution as a judge for the One Pot Cook-Off. <https://shop.fsp.org/product/porcfests-one-pot-cookoff>

Description:

Libertyseed – A History of the Battles of Lexington and Concord

The 19th of April, 1775, a day that forever changed the course of our Nation. Why is this such an important day and who was involved in the birth of our Nation? It will not be the story you think you know, or the story you heard in school. The volunteers at the Project Appleseed are passionate about American Heritage. We love to tell people the Story of the Three Strikes, about 'The Day the Shot was Heard Around the World.' The volunteers are willing to tell the story to groups around the Nation. What did Paul Revere really say as he made his midnight ride? It will be the real story, the story that historians have discovered, the story of the first day of the American Revolution. Along the way, the story will answer questions you didn't even know existed, like:

Who fired the famous "Shot Heard Round the World"? Historians have debated this for years, but you'll find out the real answer at a LibertySeed. Why did it take "three strikes of the match" before the American Revolution began? Yes, you believe the Revolution started on Lexington Green, when Capt John Parker's men were shot down by the redcoats – but surprisingly, it did not begin there. Nor did it begin with the fighting at the North Bridge in Concord a few hours later. You'll learn the name of the obscure place the revolution REALLY began. Why were some local peasants (as they were viewed by the British army) able to break the British line at Concord's North Bridge – in less than two minutes? Some original historical research suggests why, and the answer, unlike the answer to most historical questions, is one word. At a LibertySeed, you'll find out what that one word is.

You will be surprised by how much is known of that first day of the American Revolution, a day that some believe is the most important day in American history.

2025-06-19 18:00 - RV 013 - Censorship in the Western World — Threats to the Free Marketplace of Ideas.

Calendar: Hub Events

Hub: FireSteel.com Event Canopy at RV13

Description:

After explaining why the Free Marketplace of Ideas is crucial for mankind, and after delineating legitimate moral limits of free speech, an overview is given on illegitimate governmental censorship in the Western world. This is followed by discussing several key examples of the curtailing of Free Speech by penal law: Australia, Canada, France, Germany and Austria.

Speaker: Germar Rudolf. Germar was working on his PhD in 1991 at the Max Planck Institute for Solid-State Research in Stuttgart, Germany, when he was hired by a law firm to conduct forensic research on Auschwitz. Between 1992 and 1994, the results were submitted during various court cases against defendants "denying the Holocaust," which is a crime in Germany (5 years maximum prison term). Based on his forensic results, Germar concluded that mass gassings cannot have happened at Auschwitz as commonly claimed.

The German authorities' reaction: prosecution, rejection of all evidence offered in his defense, conviction to 14 months in prison, and misuse of a still-valid Hitler law to deny him his Ph.D.. Undeterred, Germar launched a research project into the Holocaust that led to further persecution. Hence, he left Germany. He eventually applied for political asylum in the U.S., married a U.S. citizen and had a child with her, but was then deported back to Germany in 2005 in violation of U.S. law (Trump isn't the first administration to deport immigrants illegally).

In Germany, he was put on trial for history books he wrote while in the U.S., where these are legal. Any defense in the matter was not just denied, but declared a crime. He was sentenced to 30 more months. After serving his time as a political prisoner, he immigrated back to the U.S.

Germar now heads the U.S. free speech organization Committee for Open Debate on the Holocaust (CODOH.com) and is chief editor of their historical quarterly "Inconvenient History" (InconvenientHistory.org). He has released more than 90 history books as a publisher (Armreg.co.uk), among them the 53 volumes of his unmatched research series "Holocaust Handbooks (HolocaustHandbooks.com). He has created 8 documentaries and authored 20 non-fiction books, among them the bestselling "Holocaust Encyclopedia" (HolocaustEncyclopedia.com; also translated into German and Spanish). His most recent works include "Nazi Gas Chambers: The Roots of the Story" (2024) and "The Holocaust: Proven at Nuremberg?" (2025). In early 2025, he launched his latest project, the "Holocaust Academy" (HolocaustAcademy.com), dedicated to bringing critical thinking to Holocaust education.

Check out Free State Acoustics doing this Radiohead tune at The SHELL, link below.

Free State Acoustics is a four piece band playing a wide variety of interesting songs from the 1950s through today in their own acoustic-focused style developed out of fireside jams and public performances for music lovers. Key to the sound is stunning vocals, classically derived violin melodies, intense acoustic guitar, and cajon rhythm. They play great songs from Fleetwood Mac to Radiohead, Allison Krause to Dr. Hook, The Cranberries to Dolly Parton, The Verve to John Prine and more. Free State Acoustics originally formed during fireside jams at PorcFest 2023, developed their sound in 2024 with shows at PorcFest, Freedom Palooza, and The SHELL, and has released a series of produced live music videos.

PorcFest 2025

2025-06-20 09:00 - RV 013 - Life is Good: Daily AA Meeting at PorcFest

Calendar: Hub Events

Hub: FireSteel.com Event Canopy at RV13

Description:

Q: Who should come to our morning meetings?

A: Anybody who is practicing sobriety, new and old. People trying to get sober and/or kick the habit. People with zero days sober or many years of experience with sobriety. For those who choose not to partake in alcohol or other substances during PorcFest. For people who have kicked the habit or are trying to quit, join us in the morning at 9:00am for a coffee, meeting, support, and sharing of your thoughts and experiences about alcohol and staying clean. Support each other in our sobriety and talk about why life is better without the booze.

For some people, alcohol can be very addictive and dangerous. For others, it's not a problem. For those of us who have an addictive personality and have struggled to fight the negative health and emotional consequences of substances like alcohol, support groups and talking with others who have been through it is the best medicine. Don't let your friends, family and children remember you as an alcoholic. Don't let a substance defeat you. Find a higher power. Be a warrior! You can do it, and you'll get through it.

Organizer: Mark Hansen, Mark is a special ed teacher and past seasonal state parks ranger living in CT. Mark has been sober since February of 2015 and recently earned his 10 year chip! He is divorced and has two beautiful children. He enjoys hiking, camping, riding motorcycles and is enthusiastic about guns, self defense and the second amendment. He loves this country, but is not crazy about the government! LOL

. . Website: <https://www.aa.org/>

Note: Bring a coffee mug, tea or whatever you like. I'll bring a Keurig machine, and we'll try to have cups, coffee pods, sugar, creamer, etc. Or bring a little something to share just in case we run low on that kind of stuff. Maybe bring a snack to share? I thought it was a great way to start the day at PorcFest 2021 and we've been going strong since. Let's encourage and support each other!

...Life is good!!

2025-06-20 09:00 - *Pavilion - Shawn Faber: False Prophets of Politics

Calendar: *FSP - Pavilion

Hub: *Free State Project

Description:

We gather today at a critical juncture. The political landscape, once a familiar terrain, now feels treacherous, fraught with uncertainty and misleading promises. We are bombarded daily with pronouncements, declarations, and pronouncements from those who claim to hold the keys to our collective future. Yet, how often do these promises ring hollow? How often are we left disillusioned, betrayed by the very individuals we entrusted with our hopes and aspirations?

Shawn Faber is Chairman of the New Hampshire Liberty Alliance. The New Hampshire Liberty Alliance, founded in Nov. 2003, is a non-partisan coalition working to increase individual freedom in New Hampshire. The organization does this by monitoring bills in the legislative sessions and encouraging private charity, a civil society, and citizen involvement.

Liberty has been a lifelong passion of Shawn's, but he found renewed vigor & responsibility after unfortunately living in Minneapolis during the George Floyd riots and witnessing the mess that poor government brings. He then moved to New Hampshire in early February 2021 and has been very politically active since. He is elected as a town councilor in Londonderry, has chaired his town political committee, helped crafting/passing state legislation, and spoke at several liberty events. Shawn is very familiar with how the NH legislative system works with an excellent feel of the state political landscape. Casually, you'll see Shawn at various liberty events around the state, playing pinball with his wife Sarah, and playing "Cat Tennis" with their orange cat, Butters. Shawn also enjoys F1, video games & traveling having been to 66 countries (and counting).

Create Your Bitcoin Wallet (#1 of 2)

They say that the best investment you can make in bitcoin is investing the time to understand it. This 2-part workshop focuses on reviewing documented best-practices for confidence-inspiring bitcoin self custody. Join as we bring an often complicated subject to its most simple fundamentals. Learn how bitcoin works as we create our own air-gapped bitcoin wallets together. For beginners and veterans alike!

This workshop is part of a 4-part series. Join each morning 9-10 am in Liberty 101, Wednesday through Saturday mornings. Then on Sunday morning 9-10 am there will be a wallet recovery and general discussions Q&A.

Joshua Groth:

Raised in the Rocky Mountains above Boulder, Colorado, Joshua's passion for adventure and aviation has taken him around the world as a commercial pilot, paraglider pilot, BASE jumper, climber, and alpinist. After a decade flying outback air safaris in Australia, as the world was locked down during Covid, Joshua studied Austrian economics, exploring the history and nature of money. Joshua advocates for Bitcoin as a foundation for individual freedom, peace, and prosperity for humanity. Leveraging his aviation expertise in risk management and systems development, he provides innovative tools and best practices for bitcoin self-custody and personal sovereignty. As the founder of NovaSapien, Joshua's team offers Bitcoin wallet recovery services, online courses, and self-custody kits and materials. With successful wallet recoveries from past PorcFest goers, his company NovaSapien is a gold-level sponsor this year. Find out more at www.novasapien.com

Workshops and presentations will be held at Liberty 101, 9-10 am Wed – Sunday.

Company Description

NovaSapien specializes in bitcoin self-custody best practices, education, and bitcoin wallet recovery. With a proven track record of successfully recovering wallets from past PorcFest attendees, NovaSapien offers expert assistance to access long-held or inaccessible Bitcoin wallets. NovaSapien's online courses provide step-by-step guidance on self-custody best practices, with consulting services for personalized solutions and hands-on training – available virtually or in-person. Self-custody kits and materials ensure users have the tools needed for confidence-inspiring self-custody. Visit NovaSapien at PorcFest or attend one of their workshops/presentations at Liberty 101 to discuss wallet recovery or learn how they can support your Bitcoin journey.

2025-06-20 10:00 - *Liberty 101 - Trent Larson: Lives of Impact - Building Community in Cities

Calendar: *FSP - Liberty 101

Hub: *Free State Project

Description:

We're beset by voluntary action every day! It's not being recognized, so people don't see what a threat it is to the status quo. If people become aware of these actions or — worse — start realizing the awesome power behind them, it could allow for entire neighborhoods to become way too empowered and resilient. Be wary of some of the new tools that illuminate such activism.

Trent Larson is a PhD in Computer Science. Initial employee at Medici Ventures, which issued the first US SEC-registered blockchain-based security. Now employed by Medici Land Governance, which issued blockchain-based land registrations in Africa and is expanding into the US. Founder of 7-year-old Bountiful Voluntaryist Community in Utah, which continues to gather locals IRL for education and action.

The goals of Time Safari are two-fold: get connected with others who have similar interests and want to get things done, and demonstrate to everyone in every situation that they have power to accomplish things with their neighbors and improvement doesn't depend on big money or monopoly government. It's built on Self-Sovereign-Identity-based platform so that people can own their data and not rely on servers — it's totally different from the FAANG big-tech server-based approaches.

2025-06-20 10:00 - RV 092 - House Hacking

Calendar: Hub Events

Hub: Independence Realty Group

Description:

Everyone is complaining about the cost of New Hampshire homes. Not everyone is doing something about it. At IRG we are teaching "House Hacking". "House hacking," also known as "housing hacking," refers to the strategy of owning a multi-family property and living in one unit while renting out the others to generate income and offset mortgage costs. This income can potentially cover the mortgage, utilities, and even leave a profit, making homeownership more affordable. Not interested in multi-unit property. Then consider then simply renting out a room or rooms in your primary home (not a rental property) to generate extra income. Depending on how you implement it—and on your local market, of course—you may end up with little to no mortgage payment, or even earning money every month. Come to this session and let us show you the way to home affordable home ownership.

Description:

Ian Freeman was one of the world's bitcoin pioneers, which is precisely why the feds targeted him with a sham criminal prosecution. Employing fraud and deception, the feds succeeded in securing the conviction and incarceration of an innocent man.

Jacob Hornberger is founder and president of The Future of Freedom Foundation (fff.org), whose mission is to present the principled case for the libertarian philosophy. His books include *The Kennedy Autopsy*; *The Kennedy Autopsy 2: Regime Change: The JFK Assassination*; *The Evil of the National Security State*; and, most recently, *An Encounter with Evil: The Abraham Zapruder Story*, which was featured on C-SPAN's Book TV.

FFF has also published *JFK's War with the National Security Establishment: Why Kennedy Was Assassinated* by Douglas Horne, who served on the staff of the Assassination Records Review Board, and *CIA & JFK: The Secret Assassination Files* by Jefferson Morley, a former investigative reporter for the Washington Post. FFF has also hosted two conferences on the JFK assassination, whose presenters included Academy Award director Oliver Stone, and a video series entitled "Altered History: Exposing Deceit and Deception in the JFK Assassination Medical Evidence" by Douglas Horne.

Calendar: *FSP - Liberty 101

Hub: *Free State Project

Description:

Constance Spencer is the lead producer of PorcFest and a Realtor. Constance's journey with PorcFest and the Free State Project isn't just about attending an event—it's about actively shaping the community she believes in. Her decision to volunteer her time and energy stems from a deep-seated passion for liberty and a desire to make a tangible difference in the movement. Attending for the first time in 2013 prompted her and her family to move to New Hampshire from Alaska where her life has consistently improved, and she wants others to have that same experience at PorcFest! She had been active in the home birth community, homesteading and permaculture, and has given her children education freedom which has included homeschooling, trade schools and charter schools. Since assuming the role of Producer last July, after Co-Producing PorcFest XX. Constance has been the driving force behind the scenes, ensuring that every aspect of PorcFest XXI runs smoothly. From logistics to coordination, her meticulous attention to detail and tireless dedication have been instrumental in bringing this event to life. Constance leads the Independence Realty Group which is a real estate team at Coldwell Banker Realty, a real estate investor a homeschooling mom of four kids, is involved in multiple organizations throughout NH and is a dedicated advocate for liberty in the Free State.

Constance Spencer is the team lead for Independence Realty Group, a Coldwell Banker Realty team made up entirely of Free State Project movers. Licensed since 2015 and a broker since 2021, she brings personalized service backed by a major brokerage. Before becoming an agent, she was an accountant for real estate investors and has been investing in real estate herself since her early twenties.

An early Free State mover from Alaska in 2014 with her four children, Constance embraced homesteading, permaculture, and education freedom, including homeschooling and alternative schools. She's passionate about helping others achieve homeownership and build wealth through real estate—just as comfortable discussing peaceful parenting as she is retirement strategies with real estate.

A longtime Free State Project volunteer, she previously produced PorcFest, putting her management and accounting skills to work for the liberty community.

Calendar: Hub Events

Hub: FireSteel.com Event Canopy at RV13

Description:

"Stitch and Bitch" groups (S&B) have been around since before WWII, when they were composed primarily of female knitters. In modern times, the S&B movement has gradually expanded to include all manner of crafters and fiber artists, as well as men and women. Our PorcFest edition will be of the modern type and will be a daily happening from noon to 2 PM at the FireSteel.com Event Canopy located at RV13.

Who should attend: Knitters, Crocheters, Embroiderers, Tatters, Felters, Leatherworkers, Cross Stitchers, Needlepointers, Sewers, Spinners, Crafters, Beaders, Wire Workers, etc, etc, etc, are all welcome to join us for some good old fashioned "Stitchin' an' Bitchin'". Bring a project and a drinking mug. We'll have hot water for tea, coffee, and maybe a sewing machine or two to use. Want to learn how to do these things? Come on over and we'll answer your questions and offer suggestions, but know that this is meant to be an informal hangout group, not a formal teaching class. Check out the separate teaching classes scattered throughout the schedule or watch a bunch of tutorials online so you can have a basic idea of what's involved. What are you waiting for? Come meet your new BFFs at this year's "Daily Stitch n' Bitch"!

Description:

Porcupine Properties is a New Hampshire real estate investment company whose ownership shares are embodied as PINE, a crypto token on the Liquid Network. The company buys real estate properties, rents them out, and distributes the rental incomes to token holders in the form of bitcoin, Tether USD, or PINE. The first part of this event presents the company, its operation, and how it meshes with traditional legal frameworks. The second part is a hands-on workshop demonstrating how to use Green Wallet to authenticate with the Porcupine Properties website and to hold and trade PINE, how to configure dividend elections and see transaction history, and how to vote as a tokenholder on questions of company governance. Attendees can follow along with the demonstration using their own Android or iOS devices after installing Blockstream's Green Wallet. Participants will sign up on the Porcupine Properties Testnet website, receive some Testnet PINE to their wallets, and vote their shares in an online mock election using range voting.

Description:

“How to Heal Yourself”

Let's stop outsourcing the care of our bodies, minds, and spirits! Learn practical techniques for addressing whatever ails you, including basic first aid, herbal remedies, and mindset work that really works.

Lauren is on her 18th PorcFest; that first one opened her eyes to a whole slew of topics she hadn't considered before, and she has not stopped questioning everything since. This quest ultimately led within, and Lauren has been working in the realm of personal development for over a decade, realizing it is key to living a life of freedom in a voluntary community.

In 2021 she moved to the Free State and founded Rooted Free Farm & Retreat Center in Henniker, a unique community gathering space on a historical farm, focusing on empowering people to live in truly sovereign ways. Lauren is trained in ceremonial facilitation and folk herbalism, and is currently working on certifications in trauma-informed plant medicine facilitation and breath work. She is an avid vegetable gardener, cans for fun, and has a weakness for chickens. Rooted Free welcomes many additional talented facilitators, and offers a variety of events year-round, which you can browse at www.rootedfree.com

2025-06-20 14:00 - *Pavilion - Matt and Terry Kibbe: "Why Dictators Hate Artists"

Calendar: *FSP - Pavilion

Hub: *Free State Project

Description:

Dictators often target artists, poets, and musicians first, seeking to suppress the free thought and subversive ideas inherent in the creative process. Why? Artists shape culture, and culture can transform the world. Join Matt and Terry Kibbe for stories about the artists and musicians that subverted and toppled tyrants and how we can apply the creative spirit to change culture in NH and beyond.

Matt Kibbe is a libertarian rabblouser — the intellectual bastard child of Ayn Rand and Jerry Garcia. He is a communicator, storyteller, author, grassroots organizer and recovering political activist. Matt is President at Free the People, an educational foundation using video storytelling to turn on the next generation to the values of personal liberty and peaceful cooperation. Kibbe is also the host of BlazeTV's "Kibbe on Liberty," and a Senior Fellow at the Austrian Economics Center in Vienna.

He was senior advisor for a Rand Paul Presidential Super PAC in 2016. In 2004 Kibbe founded FreedomWorks, a national grassroots advocacy organization, and served as President until 2015. Steve Forbes said: "Kibbe has been to FreedomWorks what Steve Jobs was to Apple." Newsweek pronounced Kibbe "one of the masterminds" of tea party politics. MSNBC's Keith Olbermann called Kibbe "The second worst person in the world."

Dubbed "the scribe" by the New York Daily News, Kibbe is the author of a number of books, including the #2 New York Times bestseller *Don't Hurt People and Don't Take Their Stuff: A Libertarian Manifesto* (HarperCollins 2014). Kibbe appears frequently in the media, including FOX News, HBO's *Real Time with Bill Maher*, CNN, MSNBC, and PBS.

Terry is Co-Founder and Chief Executive Officer at Free the People, an educational foundation reaching young people with stories about liberty. Free the People engages upstream of politics, using pop culture, video, comedy, and art—multimedia narratives about the beautiful things that happen when people are free to create, disrupt, and cooperate. She is also Co-Founder and Partner at Fight the Power Productions, a strategic communications firm focused on video production, social media branding and distribution, and compelling storytelling. After graduating from Grove City College with a B.S. in Engineering, Terry spent the first decade of her career as an industrial engineer working with companies such as EDS and Unisys. Looking for a more personally fulfilling challenge, in 1997 she disrupted her own career, moving into the liberty-based nonprofit and philanthropic world. After serving as a chief of staff in the U.S. House of Representatives, she became a fundraiser, raising millions in operating capital for various nonprofit and political causes, including Cato, the Competitive Enterprise Institute and FreedomWorks. From 2009 to 2014, she served as Chairwoman of the Advisory Board of the Rising Tide Foundation in Schaffhausen, Switzerland, and as an advisor to the Global Philanthropic Trust in the Cayman Islands. She was Co-Founder of AlternativePAC, and a fundraiser and advisor for a superPAC supporting U.S. Senator Rand Paul for President. Terry is a member of The Mont Pelerin Society and serves on the board of trustees at the American Institute of Economic Research.

Terry is often referred to as the better half of one of the top libertarian power couples in the world.

2025-06-20 14:00 - TS 002 - Government Obedience, Key Bible Passages

Calendar: Hub Events

Hub: Liberty Ecclesia

Description:

Does the Bible really require Christians to obey government without question? Did Jesus say taxes were good? We will review portions of Romans 13, 1 Peter 2, and Matthew 22, which are often used to extol the goodness of government and taxation. These questions and passages often come up, so this session is an annual repeat for the benefit of those who have missed it in the past. Note: although we may be able to survey these passages in 60 minutes, discussion usually runs long for this topic. Therefore, we have 90 minutes of time blocked out to allow for sufficient Q&A.

2025-06-20 15:00 - RV 013 - Two Suns in the Sky: The Ottoman-Hapsburg War for the Mediterranean with Bill Friedman

Calendar: Hub Events

Hub: FireSteel.com Event Canopy at RV13

Description:

"Just as there is only one God in heaven, so there can only be one empire on the earth," wrote Ibrahim Pasha, vizier of the great Ottoman Sultan Suleiman the Magnificent. The Catholic Desiderus Erasmus phrased it differently: "The rumor... is that the Turk will invade Germany with all his forces, to do battle for the grand prize, whether Charles" - Holy Roman Emperor Charles I and V - "or the Turk be monarch of the entire world, for the world cannot abide two suns in the sky." Over the course of the sixteenth century, the two mightiest empires in Europe (both multicontinental, both the heirs of Rome) squared off in Hungary, in the Mediterranean and throughout the Balkans for control of the world, ending with a land battle fought at sea that historian Roger Crowley calls the bloodiest day before the first World War. This class tells that story, and the story of why neither of them won.

About the Speaker: Bill Friedman (yes, that Friedman) grew up with an abnormal number of history books in the house and has never stopped reading them, and he is here to get into interesting arguments with people and teach anyone who wants to learn about some of the coolest things in the past.

(duplicate)

Calendar: Hub Events

Hub:

Description:

Come learn some dances from the English Renaissance! No steps more complicated than walking required, but a lot more fun! English Country Dance is an ancestor of squaredancing and contra, which was practiced from late Elizabethan England through into the regency (we will focus on the earliest dances). No need to dress up, no need to dress down, come as you wish to be and have fun with us!

- A) Everyone is welcome.
- B) You don't need to bring a partner.
- C) Bring water, comfortable shoes recommended.
- D) This is renaissance dance, not medieval dance (you'd be surprised how often this gets confused! We don't have medieval dance, nobody wrote it down, and three centuries genuinely makes a big difference, but people sort of roll them together)

Note: This event will be held, weather permitting. If it is raining, it will likely be rescheduled or canceled.

2025-06-20 16:00 - *Liberty 101 - Friends of Brownstowne Salon Discussion: Led By Sarah Thompson

Calendar: *FSP - Liberty 101

Hub: *Free State Project

Description:

Join Sarah Thompson for any or all of a three-day series of conversations in the spirit of Brownstone Institute salons of years past. Bring your beverages and your snacks for this Happy Hour chat. Sarah will open up the afternoon with a short talk and then we can take it anywhere we'd like it to go.

Topics will include:

- The Remedy is not the Cure: politics and social shifts (and Trump) through through an holistic lens
- The Great Health Hijack: how the American Medical Association is responsible for the mess we're in
- Child Sacrifice as a Family Value: putting one's own children in harms way as a hazing ritual for membership in Progressive society

Sarah Thompson uses the tools of classical homeopathy and shamanic perspectives to facilitate the process of deep healing without drugs at the core level of susceptibility. She brings an holistic lens to the study of the history of medicine, the cartelization of medicine in the United States, and current social and political phenomena. Her own path to transformational healing came through her diagnosis of Acute Myeloid Leukemia in 2010.

Calendar: Hub Events

Hub: FireSteel.com Event Canopy at RV13

Description:

Learn about what is happening over our heads and also how to go about stopping it. New technologies are emerging to allow anyone to accurately determine who is in the sky committing a crime simply by pointing their phone in the direction of the offender.

Former state representative and candidate for Merrimack County Sheriff, Jason Gerhard, will explain why a 10-10-10 plan can dramatically increase individual liberty and government accountability.

Electing constitutional liberty-minded Sheriffs and county attorneys who would educate grand juries on their role of being a sword against government corruption and a shield against malicious prosecution in all 10 New Hampshire counties would bring a sea change. In these races, sometimes there are no primary challenges or even a general election challenger.

The final 10 references article 10 of the New Hampshire constitution—right of revolution. If you feel it's time for a revolution, come on down, and let's figure this out.

About the Speakers:

Jason Gerhard, during his one term in the New Hampshire State House, brought forth legislation prohibiting geoengineering and rampant electrical magnetic pollution that are the basis of weather manipulation. And he's not done yet.

Hilda Nordland was born and raised in New England and has been a professional landscape gardener and stone mason for most of her adult life. Through countless hours spent outside observing weather patterns and noticing the strange correlations between what she once thought were just "condensation trails" left behind passing aircraft, she soon realized that maybe "chemtrails" were more than just conspiracy theory, and began her research into the history and current methods of geo engineering, and stratospheric aerosol injection (SAI).

Calendar: *FSP - Pavilion

Hub: *Free State Project

Description:

In 1999, Patrick M. Byrne launched Overstock.com, which achieved its first profitable quarter in 2002 and its first full year of profitability in 2009. In 2016, Overstock.com had revenues of \$1.8 billion and its seventh out of eight straight years of profitability. In 2012, when no firm of \$1 million in revenue yet accepted bitcoin as a payment method, Byrne's pro-freedom political orientation led him to decide that Overstock.com, then with \$1.4 billion in revenue, should accept the digital currency. Having gained familiarity with blockchain technology at the heart of digital currencies such as bitcoin, Byrne created Medici Ventures, a subsidiary within Overstock.com building blockchain-based financial technology solutions. In 2015, Byrne used Medici's tO.com securities trading platform to become the first person to purchase a digital bond entirely on the bitcoin blockchain. Byrne made history again in Dec 2016, when Overstock.com issued the first shares ever traded on an alternative trading system (ATS) utilizing distributed ledger technology.

A "classical liberal," Byrne believes that our nation's success depends on education and capital markets.

Starting with Milton Friedman's passing in 2006, Byrne served as chairman of the Friedman Foundation for Educational Choice (now "EdChoice"), an organization leading the national push for school choice.

Free State Acoustics returns to the North Country Porcupines Lounge RV 115 for their Second Annual NCP Lounge concert. Stop in for a minute or join us for two hours at the band's biggest show of PorcFest XXII!

"It's the same old thing, since 1916 ... with their tanks, and their bombs, and their bombs ..."

- Zombie by The Cranberries

Free State Acoustics is a four piece band playing a wide variety of interesting songs from the 1950s through today in their own acoustic-focused style developed out of fireside jams and public performances for music lovers. Key to the sound is stunning vocals, classically derived violin melodies, intense acoustic guitar, and cajon rhythm. They play great songs from Fleetwood Mac to Radiohead, Allison Krause to Dr. Hook, The Cranberries to Dolly Parton, The Verve to John Prine and more. Free State Acoustics originally formed during fireside jams at PorcFest 2023, developed their sound in 2024 with shows at PorcFest, Freedom Palooza, and The SHELL, and has released a series of produced live music videos.

Check out Free State Acoustics playing Zombie at the link below, recorded at Freedom Palooza 2024, Roaring Brook Farm, with North Country Brian on cajon and Cindy Gay on vocals.

2025-06-20 19:00 - RV 013 - Self Reflexology

Calendar: Hub Events

Hub: FireSteel.com Event Canopy at RV13

Description:

Learn how to release tension and trauma from our bodies using acupressure/reflexology to alleviate chronic pain and suffering. The roots of tension start in the fingers and toes in Raynor bands, interconnected lines of tissue in the limbs that run through the body. Charts of the bands will be used for participants to address whatever ails them and know which digits to apply pressure to for releasing tension and alleviate pain/disfunction.

It is intense work that facilitates exploring the mind, body and spirit connection. Often people feel sensations elsewhere in the body, usually along the tension band. Popping in joints is common as tension releases. Some report seeing colors and visions.

People can heal themselves instead of relying on hospitals that just wanna "make a cut," literally and figuratively. Bring something, not too sharp, to poke yourself with, like a chopstick, crystal, rock, even a key could do.

Bio:
Robo trained directly with the former head of the Canadian Raynor massage school. Raynor tension bands releases begin in the hands and feet. They are further released with deep tissue acupressure points where they run through the rest of the body. Robo is offering full Raynor bodywork sessions, deep tissue massage, cupping and gua sha (lymphatic drainage) in the Spiritual Village. He also has background in nutrition (Cornell), fitness (ACE), natural movement (MovNat and Onnit), and transformational coaching (for addiction, trauma, and psychedelics from Being True To You). Additionally, Robo learns via seminars, workshops, and reads regularly.

Clients often leave with many resources and he sends clients "Footnotes," an invaluable document he has been carefully curating. It includes tools, exercises, and footwear that can alleviate and restore the feet, where most tension begins that cascades through the body.

Q: Who should come to our morning meetings?

A: Anybody who is practicing sobriety, new and old. People trying to get sober and/or kick the habit. People with zero days sober or many years of experience with sobriety. For those who choose not to partake in alcohol or other substances during PorcFest. For people who have kicked the habit or are trying to quit, join us in the morning at 9:00am for a coffee, meeting, support, and sharing of your thoughts and experiences about alcohol and staying clean. Support each other in our sobriety and talk about why life is better without the booze.

For some people, alcohol can be very addictive and dangerous. For others, it's not a problem. For those of us who have an addictive personality and have struggled to fight the negative health and emotional consequences of substances like alcohol, support groups and talking with others who have been through it is the best medicine. Don't let your friends, family and children remember you as an alcoholic. Don't let a substance defeat you. Find a higher power. Be a warrior! You can do it, and you'll get through it.

Organizer: Mark Hansen, Mark is a special ed teacher and past seasonal state parks ranger living in CT. Mark has been sober since February of 2015 and recently earned his 10 year chip! He is divorced and has two beautiful children. He enjoys hiking, camping, riding motorcycles and is enthusiastic about guns, self defense and the second amendment. He loves this country, but is not crazy about the government! LOL

. . Website: <https://www.aa.org/>

Note: Bring a coffee mug, tea or whatever you like. I'll bring a Keurig machine, and we'll try to have cups, coffee pods, sugar, creamer, etc. Or bring a little something to share just in case we run low on that kind of stuff. Maybe bring a snack to share? I thought it was a great way to start the day at PorcFest 2021 and we've been going strong since. Let's encourage and support each other!

...Life is good!!

Calendar: *FSP - Liberty 101

Hub: *Free State Project

Description:

Create Your Bitcoin Wallet (#2 of 2)

(If you did not attend the first workshop, fear not! We will be reviewing the first workshop from 8-9 am immediately before this workshop begins.)

They say that the best investment you can make in bitcoin is investing the time to understand it. This 2-part workshop focuses on reviewing documented best-practices for confidence-inspiring bitcoin self custody. Join as we bring an often complicated subject to its most simple fundamentals. Learn how bitcoin works as we create our own air-gapped bitcoin wallets together. For beginners and veterans alike!

This workshop is part of a 4-part series. Join each morning 9-10 am in Liberty 101, Wednesday through Saturday mornings. Then on Sunday morning 9-10 am there will be a wallet recovery and general discussions Q&A.

Joshua Groth:

Raised in the Rocky Mountains above Boulder, Colorado, Joshua's passion for adventure and aviation has taken him around the world as a commercial pilot, paraglider pilot, BASE jumper, climber, and alpinist. After a decade flying outback air safaris in Australia, as the world was locked down during Covid, Joshua studied Austrian economics, exploring the history and nature of money. Joshua advocates for Bitcoin as a foundation for individual freedom, peace, and prosperity for humanity. Leveraging his aviation expertise in risk management and systems development, he provides innovative tools and best practices for bitcoin self-custody and personal sovereignty. As the founder of NovaSapien, Joshua's team offers Bitcoin wallet recovery services, online courses, and self-custody kits and materials. With successful wallet recoveries from past PorcFest goers, his company NovaSapien is a gold-level sponsor this year. Find out more at www.novasapien.com

Workshops and presentations will be held at Liberty 101, 9-10 am Wed – Sunday.

Company Description

NovaSapien specializes in bitcoin self-custody best practices, education, and bitcoin wallet recovery. With a proven track record of successfully recovering wallets from past PorcFest attendees, NovaSapien offers expert assistance to access long-held or inaccessible Bitcoin wallets. NovaSapien's online courses provide step-by-step guidance on self-custody best practices, with consulting services for personalized solutions and hands-on training – available virtually or in-person. Self-custody kits and materials ensure users have the tools needed for confidence-inspiring self-custody. Visit NovaSapien at PorcFest or attend one of their workshops/presentations at Liberty 101 to discuss wallet recovery or learn how they can support your Bitcoin journey.

Calendar: *FSP - Pavilion

Hub: *Free State Project

Description:

Fooled again? Why do libertarians keep waiting for change in the imperial city when it is within our power to build our own localized free state?

Hon. Eric Brakey, retired Maine Senator and current Executive Director of the Free State Project, discusses the need for a liberty homeland — our own Granite Gulch — and how the libertarian concentration strategy is generating an active revolution in politics and culture across New Hampshire. Eric Brakey is the Executive Director of the Free State Project. He started in politics as an activist and eventual Maine State Director for the Ron Paul 2012 Presidential Campaign. After taking the Maine Republican Party by storm and winning the state for Dr. Paul at the Maine GOP Convention, Brakey then won a seat in the Maine State Senate, becoming the youngest state senator in America at the age of 26. Across his three terms of office, Senator Brakey led successful efforts to pass Constitutional Carry, Right to Try, welfare reform, market reforms to Maine's medical cannabis program, and a variety of other policy initiatives. Senator Brakey ran as the Maine Republican nominee for U.S. Senate in 2018 and Secretary of State in 2021.

Description:

We're beset by voluntary action every day! It's not being recognized, so people don't see what a threat it is to the status quo. If people become aware of these actions or — worse — start realizing the awesome power behind them, it could allow for entire neighborhoods to become way too empowered and resilient. Be wary of some of the new tools that illuminate such activism.

Trent Larson is a PhD in Computer Science. Initial employee at Medici Ventures, which issued the first US SEC-registered blockchain-based security. Now employed by Medici Land Governance, which issued blockchain-based land registrations in Africa and is expanding into the US. Founder of 7-year-old Bountiful Voluntaryist Community in Utah, which continues to gather locals IRL for education and action.

The goals of Time Safari are two-fold: get connected with others who have similar interests and want to get things done, and demonstrate to everyone in every situation that they have power to accomplish things with their neighbors and improvement doesn't depend on big money or monopoly government. It's built on Self-Sovereign-Identity-based platform so that people can own their data and not rely on servers — it's totally different from the FAANG big-tech server-based approaches.

2025-06-21 11:00 - *Pavilion - Corey DeAngelis: The Parent Revolution: Rescuing Your Kids from the Radicals Ruining Our Schools

Calendar: *FSP - Pavilion

Hub: *Free State Project

Description:

It's no secret that our government-run public education system has held generations of Americans hostage. The teachers unions—the government's stormtroopers—have been hard at work running a mass misinformation campaign to convince parents that because this is how it has always been, this is how it has to be. But here's what you may not realize: the parents are winning, and we have entered the death spiral of the education dictatorship. The school choice revolution is here, and moms and dads are successfully restoring parental rights in education, one state, one school district at a time.

In *The Parent Revolution*, Dr. Corey A. DeAngelis—public enemy #1 of the teachers' unions—takes readers inside this movement like no one else can. As Vox reported in late 2023, DeAngelis has become “the public face” of the effort, “traveling from state to state, holding rallies, making media appearances, and tweeting constantly.” Or as another education voice put it, “No one in education policy, advocacy, or activism has ever lived rent-free in more heads at once than Corey DeAngelis.”

As America's most prominent and influential advocate of school choice, DeAngelis unapologetically argues why parents and political leaders must lean into the culture war taking place in schools. He exposes the hypocritical elites who are content to hold other people's children captive to poorly run government schools while sending their own children to the best private and charter schools out there. And most importantly, he equips readers with the ability to make sure the potent forces of the educational industrial complex don't regain their footing.

Corey A. DeAngelis is a senior fellow at the American Culture Project and a visiting fellow at the American Institute for Economic Research. He has been labeled the “school choice evangelist” and called “the most effective school choice advocate since Milton Friedman.” He is a regular on Fox News and frequently appears in *The Wall Street Journal*. DeAngelis is also the executive director at Educational Freedom Institute, a senior fellow at Reason Foundation, an adjunct scholar at Cato Institute, a board member at Liberty Justice Center, and a senior advisor at Accuracy in Media. He holds a Ph.D. in education policy from the University of Arkansas. He is the national bestselling author of *The Parent Revolution: Rescuing Your Kids from the Radicals Ruining Our Schools* (Center Street, 2024).

2025-06-21 11:00 - TS 050 - Traveling With Firearms

Calendar: Hub Events

Hub: Rebel Civics

Description:

Keith covers another form of firearm safety – safety from government when outside your home state. It is prudent when traveling these united states with a handgun that one manage the dangers of state and federal governments who gleefully infringe on your natural right to keep and bear arms. Laws and enforcement vary enormously from state to state. Selection of firearms, accessories, and ammunition is critical to avoid the wrath of The Man. Something legally done every day in one state can land one in prison for years in another. Keith discusses these issues and provides his recommendations on traveling by land, air, and sea with handguns.

This talk is NOT about rights, liberty, ethics, or the Constitution. Rather, it is about striving to be reasonably safe from the #1 danger there is – government. Keith has traveled by car, motorcycle, sail and powerboat, and commercial airliner with handguns while mitigating the dangers of government by following all their immoral and stupid rules as best as he can figure it out. So far Keith has been to 16 US states with a handgun, not counting the one accidentally for five minutes.

Most kids become casualties in the mind war without ever realizing it. How can we protect them and prepare them to help us fight the enemy? Come learn about the hidden threats we face and how we can protect ourselves from propagandists, politicians, and pundits who want to grow their power at the expense of our freedom.

Connor Boyack is the author of several dozen books, founder of a think tank that has changed over 100 laws, frequent public speaker, and outlaw beekeeper.

Connor is best known as author of the acclaimed Tuttle Twins book series which has sold over six million copies. The Tuttle Twins books teach kids (and their parents!) the ideas of a free society. He is also executive producer of the Tuttle Twins animated cartoon series.

A self-made entrepreneur, Connor is founder and president of Libertas Network, an association of family-facing initiatives that change hearts, minds, and laws to create a freer future. With his team he has changed over 100 laws, helped tens of thousands of kids become entrepreneurs, educated millions, and empowered families all over the world to learn about and defend the ideas of a free society.

Connor lives near Salt Lake City, Utah, with his wife and two homeschooled children.

2025-06-21 14:00 - Field - Milo Mirate: An Introduction to Project Appleseed and Becoming a Rifleman"

Calendar: Hub Events

Hub:

Description:

Location: Field Next to PorcRangers Tent

Project Appleseed is a national non-profit program that teaches the fundamentals of rifle and pistol marksmanship combined with the storytelling of American Revolutionary War history. Our events are family friendly and designed for all ages and experience levels.

Project Appleseed is committed to upholding the values and principles of America's founding fathers. We use rifle marksmanship instruction as a gateway to help bring our nation's history to life. You will find that many of the values that our forefathers relied on to win our independence are still very much in demand today.

Through clinics and events, we teach rifle marksmanship and the history of April 19, 1775, the first day of the American Revolution. No matter your skill level, you will learn the marksmanship skills that were so crucial to the success of our nation's founders. Aside from the fun and camaraderie, these events are designed for you to take away a renewed sense of civic responsibility that you can use in your own community.

We aim to inspire Americans to become active citizens who uphold the principles and values upon which our country was built. We want to create a community of informed and engaged citizens who will contribute to the betterment of our nation.

Our goal is to create a nation of Riflemen. We'd love for you to join us.

This talk is brought to you by someone who knows this stuff inside and out. Andrew became interested in this subject 15 years ago and what he learned from studying this subject has been really invaluable in his life and he wants you to know that the knowledge you will gain from it is really good. It will help you in business, it will help you in contracts, it helps you in ways you can't even imagine. But he learned early on that trying to do that stuff that they tell you that you can do in those books, THAT will only get you in trouble. You'll get the REAL deal on Sovereign Citizenship at this talk that you won't get anywhere else.

Calendar: Hub Events

Hub: NCP Lounge (North Country Porcupines)

Description:

Join the North Country Porcupines for our monthly pot luck. This event is typically held the third Saturday of each month at the home of one of our North Country families. Specifics for each month can be found on the FSP calendar or the NCP Facebook or Telegram groups. Each June we forgo the third Saturday event in lieu of a Porcfest event so that we can include folks that typically can't make the drive up to our neck of the woods. This event at Porcfest is held in the afternoon with snacks instead of a full blown meal.

Come join us and meet more of the North Country locals, ask questions and get a better feel of what life above the notches is all about.

Bring a snack to share if you are able, but DON'T miss this event if you do not have anything to bring. We understand that this is a festival and most folks can't just run home and whip up some yummy deliciousness like we can.

How to Protect Your Crypto from a Wrench Attack

Daniel is a seasoned expert in the crypto space, with over 7 years of experience educating crypto competency skills to people all over the world. For the last two years, he's been a vital part of Edge's Support team, where his user-first approach and deep technical knowledge have made him a trusted guide for thousands learning about digital assets, DeFi and Self-Custody for their first time.

Beyond support, Daniel contributes his time as a community organizer for San Diego's Bitcoin and Open Blockchain meetup. He's passionate about empowering people, one vocab word at a time. He believes mass crypto adoption will play a key role in squeezing out the corruption found in legacy finance. If the value of life is equal as one, and we all get onto the same page/ledger, then humanity might be ready for its next quantum leap in evolution.

Daniel's planning to give talks on Crypto 101, Capitalizing on DeFi, How to Protect Your Crypto from a Wrench Attack and answer any Edge or general crypto questions you might have.

2025-06-21 17:00 - RV 013 - Bitcoin Has Always Been Hostile To Spam: The Story of Bitcoin's Third War

Calendar: Hub Events

Hub: FireSteel.com Event Canopy at RV13

Description:

Although some frame the debate around spam and arbitrary data in Bitcoin as a recent phenomenon, the truth is that Bitcoiners have been concerned about spam going all the way back to Satoshi himself. It was Satoshi who implemented Bitcoin's first spam filter and implied that it can be updated as needed. Bitcoiners have been fighting on-chain spam whether in the form of dust transactions, like those from gambling website Satoshi Dice, to data storage schemes like OMNI, Colored Coins, and Counterparty. What's different now is that Bitcoin Core's philosophy has radically changed. First in the form of indifference to now in the form of actively changing Bitcoin to accommodate these types of schemes (Inscriptions, Ordinals, BRC-20 tokens, Runes, etc). However, Bitcoiners are revolting against Core's recent shift. This is the story of Bitcoin's Third War.

About the speaker: Bitcoin Motorist got interested in Bitcoin shortly after the Cyprus bank bail-in crisis of 2013. The soundness and self-sovereignty of Bitcoin is what attracted him to the field. His first involvement in Bitcoin was home mining with GPUs and then with ASICs. Bitcoin Motorist has spoken about Bitcoin at Anarchapulco, Working Man's Bitcoin Conference, The Bitcoin Standard Conference, and Unconfiscatable. He also ran the Bitcoin Hub at PorcFest from 2021 to 2023. Professionally, Bitcoin Motorist has a Bachelor's Degree in Economics and currently works in trad-fi trying to orange pill Wall Street.

Description:

Everyone is cordially invited to join us at the FireSteel.com Event Canopy at RV13 from 6-8pm as we kick off Saturday evening festivities with a live music exchange prior to the Burning of the Porc! Love Hertz is an exciting new collaboration between long time musicians Simon, Danielle, Serena, and Chris – who focus on the ‘LOVE FREQUENCY’ experience that sharing music provides to us all! We’ll be playing covers and originals from a wide range of genres with a heavy influence on freedom, awakening, and love! Additionally we have adopted an instrument tuning frequency of 432Hz instead of the usual 440Hz concert pitch – adding to the chill vibe and love frequency we all need. Bring your friends/family/blankets/smiles & dancing shoes (as well as chairs and coolers) and rock out Porcfest with us on what promises to be a fun filled communal summer solstice evening! We will also have an assortment of shakers/noise-makers on hand for those who want to partake in the rhythms of the night. We look forward to seeing you all there! ☺

Calendar: Hub Events

Hub: Free State Acoustics

Description:

Free State Acoustics plays a final jam session for PorcFest XXII in the Field at the bonfire before departing on their WorldWide Tour of New Hampshire. The band formed during fireside jams at PorcFest 2023 – playing at the bonfire transports the music to the root of our vibe!

Free State Acoustics is a four piece band playing a wide variety of interesting songs from the 1950s through today in their own acoustic-focused style developed out of fireside jams and public performances for music lovers. Key to the sound is stunning vocals, classically derived violin melodies, intense acoustic guitar, and cajon rhythm. They play great songs from Fleetwood Mac to Radiohead, Allison Krause to Dr. Hook, The Cranberries to Dolly Parton, The Verve to John Prine and more. Free State Acoustics originally formed during fireside jams at PorcFest 2023 in the Rebel Civics Hub, developed their sound in 2024 with shows at PorcFest, Freedom Palooza, and The SHELL, and released a series of produced live music videos.

“You might be crazy, I might be crazy, we might be crazy, possibly”

2025-06-22 09:00 - RV 013 - Life is Good: Daily AA Meeting at PorcFest

Calendar: Hub Events

Hub: FireSteel.com Event Canopy at RV13

Description:

Q: Who should come to our morning meetings?

A: Anybody who is practicing sobriety, new and old. People trying to get sober and/or kick the habit. People with zero days sober or many years of experience with sobriety. For those who choose not to partake in alcohol or other substances during PorcFest. For people who have kicked the habit or are trying to quit, join us in the morning at 9:00am for a coffee, meeting, support, and sharing of your thoughts and experiences about alcohol and staying clean. Support each other in our sobriety and talk about why life is better without the booze.

For some people, alcohol can be very addictive and dangerous. For others, it's not a problem. For those of us who have an addictive personality and have struggled to fight the negative health and emotional consequences of substances like alcohol, support groups and talking with others who have been through it is the best medicine. Don't let your friends, family and children remember you as an alcoholic. Don't let a substance defeat you. Find a higher power. Be a warrior! You can do it, and you'll get through it.

Organizer: Mark Hansen, Mark is a special ed teacher and past seasonal state parks ranger living in CT. Mark has been sober since February of 2015 and recently earned his 10 year chip! He is divorced and has two beautiful children. He enjoys hiking, camping, riding motorcycles and is enthusiastic about guns, self defense and the second amendment. He loves this country, but is not crazy about the government! LOL

. . Website: <https://www.aa.org/>

Note: Bring a coffee mug, tea or whatever you like. I'll bring a Keurig machine, and we'll try to have cups, coffee pods, sugar, creamer, etc. Or bring a little something to share just in case we run low on that kind of stuff. Maybe bring a snack to share? I thought it was a great way to start the day at PorcFest 2021 and we've been going strong since. Let's encourage and support each other!

...Life is good!!
